

Mostly cloudy and colder tonight and tomorrow. Chance of snow flurries. High yesterday, 29; low, 27. High today, 36-40. Low tonight, 20-22. High tomorrow, 30-35.

THE CIRCLEVILLE HERALD

Associated Press leased wire for state, national and world news, Central Press picture service, leading columnists and artists, full local news coverage.

ON THE BALL — The day after briefing the House Foreign Affairs Committee in Washington on the war in Viet Nam, George Ball (right), undersecretary of State, confers with Chairman J. W. Fulbright of the Senate Foreign Relations Committee at the Capitol in Washington before attending a closed-door meeting with the committee.

Many Small Hospitals Ineligible for Medicare

WASHINGTON (AP)—About 2,800 of the nation's small hospitals may not be eligible to participate in the medicare program, but the president of the American Hospital Association says that most of the 7,000 hospitals in the U.S. will.

Dr. Philip Bonnet of Boston replied "absolutely" when asked at a news conference Wednesday whether most of the hospitals will participate in the program.

The news conference was held in connection with announcement by Secretary of Welfare John W. Gardner of the conditions for participation by hospitals in medicare.

Gardner, Under Secretary Wilbur J. Cohen, Social Security Administrator Robert M. Ball and other department officials conferred with Bonnet and other AHA officials.

Gardner said a hospital may be declared eligible for participation in these three ways:

If it is accredited by the Joint Commission on the Accreditation of Hospitals and has

or will have in effect by July 1 a utilization review plan;

It is operating in accordance with the conditions of participation with no significant deficiencies;

It is found to have deficiencies but is making reasonable plans and efforts to correct them and is providing adequate care, without hazard to the health and safety of patients.

Circleville Mayor Ben H. Gordon, chairman of Berger Hospital's Board of Governors, said today official notification of the local hospital's participation in the medicare program had not been received. However, he indicated there was little question concerning Berger's eligibility.

Discussion at the news conference brought out that some 2,800 hospitals are not now accredited, that most of these have 25 or fewer beds and that such small hospitals have not been encouraged to seek accreditation though many probably could qualify.

The eligibility of hospitals is to be determined for the Social Security Administration by an agency in each state which has been designated by the governor to perform that function.

Arthur E. Hess, director of the Bureau of Health Insurance, said that in most states the state health agencies have been designated to perform this service.

The conditions of participation will be published in the Federal Register shortly. Copies will be mailed to the designated state agencies and to all hospitals in about a week.

Hess said by about April 1 the Social Security Administration will begin notifying hospitals which have been declared eligible.

Deep Snows Are Dumped On Midwest

By THE ASSOCIATED PRESS
A huge storm dumped deep snows on the Midwest today and took dead aim on the Northeastern United States.

The snow piled up to more than 11 inches in Milwaukee and 8 inches in Rockford, Ill., Wednesday night.

The storm, which packed snow, sleet, freezing rain and strong winds, halted air traffic at Gen. Mitchell Field in Milwaukee and incoming planes were rerouted to Chicago.

Wind gusting up to 35 miles per hour piled the snow into 3-foot drifts. Schools were closed in southeastern Wisconsin Wednesday and thousands of workers were sent home early.

Snow drifted up to 2 feet in downtown Madison, Wis.

The storm zeroed in on Chicago with the city's worst storm of the winter. Four inches accumulated at O'Hare International Airport, but air traffic continued.

About 1½ inches fell at Buffalo Grove, about 25 miles northwest of Chicago.

Ice one inch in diameter formed on power lines in Chicago suburbs and in Streator, Ill. Work crews stood by for emergencies.

Congress Gets Work Load

Vietnamese Set To Join Cong in Truce

3-Day Holiday Due Next Week; It Could Be Extended

SAIGON, South Viet Nam (AP) — The Vietnamese are prepared to join the Viet Cong in a truce for the Vietnamese lunar New Year celebration next week. The official news agency Viet Nam Press said South Vietnamese troops would stop fighting for three days in observance of Tet, the national holiday, which falls on Jan. 20-23.

A U.S. spokesman said the American command "will conform to the posture of the (South Vietnamese) government." It was thought that American officials might urge Premier Nguyen Cao Ky to extend the three-day cease-fire at least to the four days proclaimed by the Communists two weeks ago.

In the war about 500 guerrillas ambushed a South Vietnamese battalion of about the same size clearing Main Route 1 between Trang Bang and Cu-Chi, 18 miles northwest of Saigon.

Government troops took moderate casualties but there was a heavy toll among the American advisers with them, a spokesman said.

Not far away, more than 8,000 U.S. and Australian troops in Operation Crimp engaged the Communists in several small but intense fights that raised the reported toll in the six-day push to 131 Communists killed, 80 captured and a mountain of supplies uncovered.

The largest U.S. campaign of the war began last Saturday on the rim of the Iron Triangle, an old Communist stronghold 25 miles northwest of Saigon.

The ambush occurred only 5 miles from the command post for Operation Crimp, where a large quantity of artillery was

Lorain Bank Bandit Said Recognized

LORAIN, Ohio (AP) — The man who staged a bank robbery here Wednesday possibly is the same one who robbed a bank at Mansfield last month, the FBI said.

A gunman traveling by taxicab took about \$4,100 in a hold up Wednesday at the City Bank Co. of Lorain.

The FBI at Cleveland said the robber's description matched that of the gunman who robbed the East Side branch of the First National Bank in Mansfield of \$2,800 on Dec. 20.

Mrs. Dianne Tosh, 21, a teller at the Lorain bank, said the man put two envelopes in front of her, drew a gun from one of them and ordered her to fill the envelopes with \$10, \$20, \$50 and \$100 bills.

Seven other bank employees and six patrons were unaware of the robbery until after the gunman had left.

Police said the gunman arrived at the bank in a taxi and asked the driver, James Barry to wait for him. When he returned he told Barry he had robbed the bank, drew a gun and ordered him to "get me away from here quick," the driver told police.

Barry said he tried to use the cab's two-way radio to alert his office, but the robber ripped out the wires. He fled the cab in south Lorain.

West Germany's Jet Fighters Improved

BONN, Germany (AP) — The chief of the West German air force says its F104 Starfighter jets are being improved after the loss of 26 of its 834 Starfighters last year because of human and technical slips.

Lt. Gen. Werner Panitzki told the Defense Committee of the Bundestag that the F104's pilot-ejection system, the nosewheel, the afterburner and the engine's emergency stop system are being modified.

Proposal Given North Viet Reds To Start Scaling Down on War

WASHINGTON (AP) — Buried deep in President Johnson's State of the Union message is a 10-word proposal to North Viet Nam to start scaling down the war in Southeast Asia without negotiations or even an agreed cease-fire.

"We will respond," he said, playing it in low-key, "if others reduce their use of force."

Some of the President's closest advisers think that is, in fact, the way the war may begin to end — not with a great conference or a formal truce but with a slow dwindling of hostilities.

In his address to Congress Wednesday night, the President for the first time put the full weight of his own authority be-

hind this alternative with a flat commitment to begin de-escalating the conflict if and when the Communists are ready.

In recent days dispatches from Viet Nam have indicated some decline in Viet Cong offensive activity. Administration officials said they had no way of judging whether this is significant. It could have been, however, a factor in Johnson's decision to declare at this time his readiness to reduce the fighting through parallel actions by both sides.

Johnson put forth the proposition without detracting in any way from his major effort, now three weeks old, to get the Communists to agree to a conference and a cease-fire. But in

this field he had no significant new concessions to offer, though two points he made may be read by Communist leaders in Hanoi with special interest.

He declared the United States is ready to discuss and consider "the views of any group," specifically including a four-point peace program advanced by Hanoi.

The reference to "any group" National Liberation Front, which is the political arm of the Viet Cong guerrillas fighting in South Viet Nam. Participation of the Front in a peace conference has been one of Hanoi's objectives. Johnson himself had said previously this issue would be resolved.

The other point of possible

special interest to Hanoi was a promise by Johnson "to withdraw our soldiers once South Viet Nam is securely guaranteed the right to shape its own future."

This commitment is two-edged: The troops will be withdrawn someday but not before South Viet Nam is secure from Communist conquest.

If the Communists are insisting — in current secret diplomacy — on U.S. withdrawal before negotiations, then the President's current peace offensive would appear to be doomed.

Exactly where the peace offensive stands was left a mystery though Johnson reviewed it at length. He avoided assessing (Continued on Page 2)

LBJ Pledges Red Aggression To Be Battled

\$112.8 Billion Budget Outlined By President

WASHINGTON (AP) — President Johnson has outlined a massive work load for the new Congress under a record \$112.8-billion budget and has assured Capitol Hill that U.S. fighting men will stay in Viet Nam as long as Communist aggression continues.

Democrats and Republicans alike applauded the determination he expressed Wednesday night in his State of the Union message to press for peace although "we have received no response to prove either success or failure" on the current American peace offensive.

While Democrats applauded his declaration that he would not permit the war to sidetrack his "Great Society" programs, Republicans attacked many of his domestic program proposals and his assertion that the budget deficit for the next fiscal year would be held to \$1.8 billion.

On the domestic front, the President's sweeping proposals ranged from plans to combat crime in the streets to establishment of a Cabinet-level department of transportation. He asked for laws to guarantee equality for Negroes in the courts and in housing and a constitutional amendment which would extend the two-year terms of House members to four years.

He asked for money to push ahead on the health and education programs enacted last year and to expand the antipoverty program. He called for the complete rebuilding of entire central and slum areas of several cities and an attack on the polluting of the nation's rivers. He said he would propose legislation aimed at cutting down on traffic slaughter.

On the foreign front, he asked for "a new and daring direction to our foreign aid program" with help to nations trying to control population growth. He said he wanted expanded trade with the Soviet Union and Eastern Europe.

On "pocketbook issues," he asked that the newly lifted excise taxes be slapped back onto cars and phone calls. He also asked bigger withholdings from paychecks and a speed-up in corporate tax collections. The latter two steps would not mean increases in tax rates.

But the President said he would not hesitate to ask Congress for additional taxes "the necessities of Viet Nam require it."

Reaction came quickly: Senate GOP Leader Everett M. Dirksen said appropriations committees will take apart Johnson's domestic money proposals.

"Overly optimistic," said House Republican Leader Gerald R. Ford of Johnson's prediction revenues would soar to \$111 billion.

Some Democrats agreed. Sen. Henry M. Jackson, D-Wash., ordinarily a staunch administration supporter, questioned whether defense spending could be held to Johnson's estimate of \$58.3 billion.

Man Fatally Shot In Fuss with Cop

YOUNGSTOWN, Ohio (AP) — A 22-year-old man was fatally shot Wednesday night as he attempted to escape from two police officers who were serving a warrant against him.

Police Chief John Terlesky said Arthur Huff was shot in the chest during a struggle with patrolman David Bole at the rear of Huff's apartment.

Terlesky said the officers were serving an assault and battery warrant sworn out against Huff by his wife. Bole went to the rear of the apartment.

Bole saw Huff climbing out a window and stopped him, Terlesky said, but Huff grabbed the barrel of the officer's gun and during a struggle the weapon discharged twice.

Transit Strike Finally Ends

Accord Reached By Mediators

NEW YORK (AP)—This city's first subway and bus strike, a multimillion-dollar transportation paralysis, ended shortly before dawn today. By noon, near-normal service was restored.

The Transit Authority announced that five hours after the settlement, trains were operating on all lines of the subway system and buses were maintaining schedules normal for this time of day.

In late morning, Supreme Court Justice Abraham N. Geller signed an order freeing ailing union chief Michael J. Quill and eight other labor leaders from jail sentences he imposed for contempt. At the same time he dismissed a proceeding which sought 324,000-a-day union fines for ignoring an injunction forbidding the strike.

The Transit Authority requested Geller's actions.

Quill, who collapsed two hours after being jailed, remained in Bellevue Hospital, but his colleagues walked out of civil jail shortly after the judge signed his order.

The new two-year contract will cost about \$52 million, sources close to the negotiators estimated.

The major contract, covering 28,800 employees of the Transit Authority, is estimated to cost \$43.4 million for wages and benefits over the next two years, the source said.

The remainder of the \$52-million package would finance the new contract for the TA's subsidiary, the Manhattan and Bronx Transit Surface Operating Authority.

The source said the three-man mediation panel, which recommended the package, broke down the TA portion of the package into six parts.

The largest of the six, wages, will cost \$35.6 million.

The subway worker would receive a four per cent increase in salaries retroactive to Jan. 1, the day they walked out. Another four per cent increase would be effective Jan. 1, 1967, and a seven per cent increase would come on July 1, 1967.

The panel recommended that the hourly wages of motormen, for instance, be raised from \$3.46 to \$4 over the life of the contract.

Governor OKs Medicare Alert

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has approved the government's new "Operation Medicare Alert" so Ohio antipoverty groups can take advantage of the program. "Medicare Alert" is to dispatch persons into poor neighborhoods to make sure persons over 65 know about the March 30 deadline for new Medicare benefits.

Albert G. Giles, Ohio antipoverty director, said officials of the U. S. Office of Economic Opportunity (OEO) asked the governor for emergency action on the alert.

Giles said federal officials suspect that thousands of Ohioans over 65 years of age are not signing up for the voluntary medicare benefits because they are uninformed.

Rio Flood Death Toll Climbs to at Least 283

RIO DE JANEIRO, Brazil (AP) — The death toll climbed to at least 283 today as the Rio de Janeiro area began to clean up after the worst floods in its history. A major water shortage added to the city's misery.

Officials said 180 deaths had been confirmed in Rio and another 50 bodies were recovered in surrounding areas after heavy rains which began Monday caused floods and landslides. No estimate of material damage has been made.

More rain hampered operations Wednesday night as volunteers searched for more bodies in the shantytown "Favela" slums on Rio's hillside. Most of the deaths occurred there.

The rain caused more landslides but no new victims were reported. Most of the hillside residents had been evacuated.

Gov. Francisco Negro de Lima appealed to the public to conserve water after a landslide plunged a 150-pound boulder into a pipeline and cut off 40 per cent of the city's drinking water.

The shortage affected the city's most populated sections, including hard-hit Copacabana

and Tijuca. The governor said it was likely to last several days.

The floods buckled streets and burst sewers and mains, clogging the drainage system. There were fears of epidemics and hundreds were being inoculated against typhoid and smallpox.

Volunteers struggled through the night to find homes for thousands who fled the hillside slums, mostly women and children. They were jammed into schools, clubs, private residences and an uncompleted shopping center.

"Our biggest problem now is food and shelter," said Delio Santos, assistant to the state's social service secretary.

The public responded quickly to radio and television appeals for food for the refugees. Long lines formed outside emergency centers as citizens brought sandwiches and steaming pots of rice, vegetable stew and black beans.

The U.S. Embassy made available powdered milk, wheat and vegetable oils from stocks of the Food-for-Peace program.

Ten inoculation pistols were en route from the United States for the inoculation program.

Russia Pledges New Arms For Red Viet Nam Forces

TOKYO (AP) — Moscow Radio declared today the Soviet Union "will exert full effort to ship modern weapons" to North Viet Nam to help defeat U.S. forces.

The broadcast was an analysis of the trip of Alexander N. Shelepin, No. 2 man in the Kremlin, to Hanoi, the North Vietnamese capital. Shelepin arrived in Peking from Hanoi today for talks with the Red Chinese, who have been critical of Soviet military aid to North Viet Nam.

"All available aid will be extended to North Viet Nam to defeat the U.S. aggressors," said Moscow's Japanese language broadcast, monitored in Tokyo. Shelepin's 24-hour stopover came on the heels of President Johnson's State of the Union message in which he pledged anew to defend South Viet Nam from aggression but made new overtures for peace.

A correspondent of the Japanese Kyodo news service reported from Peking that Chinese Communist observers there brushed aside Johnson's peace offers and attached significance only to his determination to fight on in Viet Nam.

Official Soviet reaction to the President's speech was slow in coming. Tass, the Soviet news agency, told of the speech in a dispatch from Washington which said, in part: "Johnson said he couldn't foresee how long the Viet Nam war will go on and that it might well be a protracted and tough war or protracted and tough talks or both. On the one hand, the President expressed the hope that he will be able to end the Viet Nam war, and on the other hand he left no doubt as to the United States' intention to carry on the war for months or even years."

Although Western officials hoped Shelepin, during his visit to North Viet Nam, urged President Ho Chi Minh's regime to join peace negotiations with the

United States, the Soviet envoy's farewell remarks relayed by Tass gave no indication that he did.

He told Premier Pham Van Dong the Soviet people "wish you success in your just struggle against the American aggressors."

HHH Holds Long Parley With Kosygin

NEW DELHI, India (AP) — Vice President Hubert H. Humphrey and Soviet Premier Alexei N. Kosygin met today behind closed doors at the Russian Embassy for talks which lasted an hour and 50 minutes.

The U.S. president's schedule had been set up to permit about an hour with the Russian premier. The unexpected duration of their meeting suggested the two leaders got into a serious discussion — which probably included talk on Viet Nam.

But neither the Americans nor the Russians gave any indication of what the two men talked about.

Kosygin and Humphrey came to New Delhi for the funeral Wednesday of Prime Minister Lal Bahadur Shastri.

Humphrey left New Delhi for Washington tonight. His special presidential jetliner is scheduled to make brief stops in Rome and the Azores and reach Washington Friday morning.

Author's Widow Dies

INDIANAPOLIS, Ind. (AP) — Mrs. Booth Tarkington, 95, widow of the two-time Pulitzer Prize-winning Indiana novelist, died Wednesday. She had been ill since last summer.

Solons To Eye Tax Proposals

LBJ Asks Return Of Excise Levies

WASHINGTON (AP) — House action may start next week on President Johnson's request to have newly lifted excise taxes slapped back onto cars and phone calls. He also wants pay-check withholdings increased.

The bigger withholdings would not mean an increase in tax rates — the wage earner would just pay more as he went along and have less to pay at the end of the year. The same would apply to a speed-up in corporate tax collections asked by the President Wednesday night in his State of the Union message.

Johnson said his revenue proposals would help finance the Viet Nam war and domestic programs. He predicted his proposals would ultimately bring in more than \$4 billion annually.

Johnson proposed no general tax increase but said he would make further requests later if the Viet Nam war forced an increase in revenue needs.

Sources close to the House Ways and Means Committee, where all tax legislation must originate, said it probably will begin hearings about next Wednesday.

Members were reluctant to comment on the chances for Johnson's proposals. But one, Rep. A. Sidney Herlong Jr., D-Fla., told reporters, "He'll get the tax increases. There's no doubt about it. Of course there will be opposition."

Opposition was quickly heard. A check of the Senate Finance Committee showed a probable majority inclined, at least for the present, against the proposals.

Some members said that if taxes must be raised, it would be better to hike the rates on tobacco and alcoholic beverages, or to rescind the special credit given companies which invest in a modernized plant.

50 Hardy Tourists Head for Antarctic

NEW YORK (AP)—A hardy group of more than 50 tourists is en route to the icy waters of Antarctica, led by Capt. Finn Ronne, a seasoned polar explorer.

Included in the group of mostly women is Mrs. Bessie Cleveland Sweeney, 83, of Washington. Only a handful of women have ever set foot on Antarctica.

The tourists flew to Buenos Aires Tuesday to join other tourists and a group of scientists who will sail to the frozen continent aboard an Argentine navy research ship the MS Lapatia.

French Army Battles Unusual Snow in Paris

PARIS (AP) — A thousand French army troops put down their guns for shovels and trucks today to scrape an ankle-deep covering of gray slush left on the streets by the city's worst snowstorm in 20 years.

Six to eight inches of snow fell Monday night and Tuesday. Paris has virtually no snow removal equipment because snow is so rare in the capital and usually melts off within a few hours.

Transit Strike Finally Ends

Accord Reached By Mediators

NEW YORK (AP)—This city's first subway and bus strike, a multimillion-dollar transportation paralysis, ended shortly before dawn today. By noon, near-normal service was restored.

The Transit Authority announced that five hours after the settlement, trains were operating on all lines of the subway system and buses were maintaining schedules normal for this time of day.

In late morning, Supreme Court Justice Abraham N. Geller signed an order freeing union chief Michael J. Quill and eight other labor leaders from jail sentences he imposed for contempt. At the same time he dismissed a proceeding which sought \$24,000-a-day union fines for ignoring an injunction forbidding the strike.

The Transit Authority requested Geller's actions. Quill, who collapsed two hours after being jailed, remained in Bellevue Hospital, but his colleagues walked out of civil jail shortly after the judge signed his order.

The new two-year contract will cost about \$52 million, sources close to the negotiators estimated.

The major contract, covering 28,800 employees of the Transit Authority, is estimated to cost \$43.4 million for wages and benefits over the next two years, the source said.

The remainder of the \$52-million package would finance the new contract for the TA's subsidiary, the Manhattan and Bronx Transit Surface Operating Authority.

The source said the three-man mediation panel, which recommended the package, broke down the TA portion of the package into six parts.

The largest of the six, wages, will cost \$35.6 million. The subway worker would receive a four per cent increase in salaries retroactive to Jan. 1, the day they walked out. Another four per cent increase would be effective Jan. 1, 1967, and a seven per cent increase would come on July 1, 1967.

The panel recommended that the hourly wages of motormen, for instance, be raised from \$3.46 to \$4.04 over the life of the contract.

Governor OKs Medicare Alert

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has approved the government's new "Operation Medicare Alert" so Ohio antipoverty groups can take advantage of the program. "Medicare Alert" is to dispatch persons into poor neighborhoods to make sure persons over 65 know about the March 30 deadline for new Medicare benefits.

Albert G. Giles, Ohio antipoverty director, said officials of the U.S. Office of Economic Opportunity (OEO) asked the governor for emergency action on the alert.

Giles said federal officials suspect that thousands of Ohioans over 65 years of age are not signing up for the voluntary medicare benefits because they are uninformed.

Rio Flood Death Toll Climbs to at Least 283

RIO DE JANEIRO, Brazil (AP) — The death toll climbed to at least 283 today as the Rio de Janeiro area began to clean up after the worst floods in its history. A major water shortage added to the city's misery.

Officials said 180 deaths had been confirmed in Rio and another 50 bodies were recovered in surrounding areas after heavy rains which began Monday caused floods and landslides. No estimate of material damage has been made.

More rain hampered operations Wednesday night as volunteers searched for more bodies in the shantytown "Favela" slums on Rio's hillside. Most of the deaths occurred there.

The rain caused more landslides but no new victims were reported. Most of the hillside residents had been evacuated.

Gov. Francisco Negro de Lima appealed to the public to conserve water after a landslide plunged a 150-pound boulder into a pipeline and cut off 40 per cent of the city's drinking water.

The shortage affected the city's most populated sections, including hard-hit Copacabana

and Tijuca. The governor said it was likely to last several days. The floods buckled streets and burst sewers and mains, clogging the drainage system. There were fears of epidemics and hundreds were being inoculated against typhoid and smallpox.

Volunteers struggled through the night to find homes for thousands who fled the hillside slums, mostly women and children. They were jammed into schools, clubs, private residences and an uncompleted shopping center.

"Our biggest problem now is food and shelter," said Delio Santos, assistant to the state's social service secretary.

The public responded quickly to radio and television appeals for food for the refugees. Long lines formed outside emergency centers as citizens brought sandwiches and steaming pots of rice, vegetable stew and black beans.

The U.S. Embassy made available powdered milk, wheat and vegetable oils from stocks of the Food-for-Peace program.

Ten inoculation pistols were en route from the United States for the inoculation program.

Russia Pledges New Arms For Red Viet Nam Forces

TOKYO (AP) — Moscow Radio declared today the Soviet Union "will exert full effort to ship modern weapons" to North Viet Nam to help defeat U.S. forces.

The broadcast was an analysis of the trip of Alexander N. Shelepin, No. 2 man in the Kremlin, to Hanoi, the North Vietnamese capital. Shelepin arrived in Peking from Hanoi today for talks with the Red Chinese, who have been critical of Soviet military aid to North Viet Nam.

"All available aid will be extended to North Viet Nam to defeat the U.S. aggressors," said Moscow's Japanese language broadcast, monitored in Tokyo. Shelepin's 24-hour stopover came on the heels of President Johnson's State of the Union message in which he pledged anew to defend South Viet Nam from aggression but made new overtures for peace.

A correspondent of the Japanese Kyodo news service reported from Peking that Chinese Communist observers there brushed aside Johnson's peace offers and attached significance only to his determination to fight on in Viet Nam.

Official Soviet reaction to the President's speech was slow in coming. Tass, the Soviet news agency, told of the speech in a dispatch from Washington which said, in part:

"Johnson said he couldn't foresee how long the Viet Nam war will go on and that it might well be a protracted and tough war or protracted and tough talks or both. On the one hand, the President expressed the hope that he will be able to end the Viet Nam war, and on the other hand he left no doubt as to the United States' intention to carry on the war for months or even years."

Although Western officials hoped Shelepin, during his visit to North Viet Nam, urged President Ho Chi Minh's regime to join peace negotiations with the

United States, the Soviet envoy's farewell remarks relayed by Tass gave no indication that he did.

He told Premier Pham Van Dong the Soviet people "wish you success in your just struggle against the American aggressors."

HHH Holds Long Parley With Kosygin

NEW DELHI, India (AP) — Vice President Hubert H. Humphrey and Soviet Premier Alexei N. Kosygin met today behind closed doors at the Russian Embassy for talks which lasted an hour and 30 minutes.

The U.S. vice president's schedule had been set up to permit about an hour with the Russian premier. The unexpected duration of their meeting suggested the two leaders got into a serious discussion — which probably included talk on Viet Nam.

But neither the Americans nor the Russians gave any indication of what the two men talked about.

Kosygin and Humphrey came to New Delhi for the funeral Wednesday of Prime Minister Lal Bahadur Shastri.

Humphrey left New Delhi for Washington tonight. His special presidential jetliner is scheduled to make brief stops in Rome and the Azores and reach Washington Friday morning.

Author's Widow Dies

INDIANAPOLIS, Ind. (AP) — Mrs. Booth Tarkington, 95, widow of the two-time Pulitzer Prize-winning Indiana novelist, died Wednesday. She had been ill since last summer.

Solons To Eye Tax Proposals

LBJ Asks Return Of Excise Levies

WASHINGTON (AP) — House action may start next week on President Johnson's request to have newly lifted excise taxes slapped back onto cars and phone calls. He also wants paycheck withholdings increased.

The bigger withholdings would not mean an increase in tax rates — the wage earner would just pay more as he went along and have less to pay at the end of the year. The same would apply to a speed-up in corporate tax collections asked by the President Wednesday night in his State of the Union message.

Johnson said his revenue proposals would help finance the Viet Nam war and domestic programs. He predicted his proposals would ultimately bring in more than \$4 billion annually. Johnson proposed no general tax increase but said he would make further requests later if the Viet Nam war forced an increase in revenue needs.

Sources close to the House Ways and Means Committee, where all tax legislation must originate, said it probably will begin hearings about next Wednesday.

Members were reluctant to comment on the chances for Johnson's proposals. But one, Rep. A. Sidney Herliog Jr., D-Fla., told reporters, "He'll get the tax increases. There's no doubt about it. Of course there will be opposition."

Opposition was quickly heard. A check of the Senate Finance Committee showed a probable majority inclined, at least for the present, against the proposals.

Some members said that if taxes must be raised, it would be better to hike the rates on tobacco and alcoholic beverages, or to rescind the special credit given companies which invest in a modernized plant.

50 Hardy Tourists Head for Antarctic

NEW YORK (AP)—A hardy group of more than 50 tourists is en route to the icy wastes of Antarctica, led by Capt. Finn Ronne, a seasoned polar explorer.

Included in the group of mostly women is Mrs. Bessie Cleveland Sweeney, 83, of Washington. Only a handful of women have ever set foot on Antarctica.

The tourists flew to Buenos Aires Tuesday to join other tourists and a group of scientists who will sail to the frozen continent aboard an Argentine navy research ship the MS Lapatia.

The tourists flew to Buenos Aires Tuesday to join other tourists and a group of scientists who will sail to the frozen continent aboard an Argentine navy research ship the MS Lapatia.

French Army Battles Unusual Snow in Paris

PARIS (AP) — A thousand French army troops put down their guns for shovels and trucks today to scrape an ankle-deep cover of gray slush left on the streets by the city's worst snowstorm in 20 years.

Six to eight inches of snow fell Monday night and Tuesday.

Paris has virtually no snow removal equipment because snow is so rare in the capital and usually melts off within a few hours.

Keeping Score On the Rainfall

CENTRAL PARKING—Rather than attempt to drive into traffic-tangled downtown during the worsening transit strike, many drivers are leaving their cars parked on New York Central Park's East Drive, with police permission.

Proposal . . .

(Continued from Page 1)
progress and simply said that so far there has been no response from Hanoi "to prove either success or failure."

In his careful choice of words the implication was strong that there has been some inconclusive response from Hanoi through other governments.

Much of Johnson's report on the Southeast Asian conflict appeared to be directed to Hanoi as well as to the Congress from which he asked new billions of dollars to carry on the conflict as he may judge necessary.

His message to Hanoi was a combination of peace appeal and war warning, designed to encourage North Viet Nam to break away from Red China. In an apparent reference to Red China he said "there may be some who do not want peace" but welcome continuing conflict in Viet Nam because it suits their own ambitions.

But others, he said in words that seemed written for North Viet Nam, must now realize that the only choice they have is "between peace and the ravages of a conflict from which they can only lose."

Cincy Lists Growth

CINCINNATI (AP)—The addition of 14 new industrial plants worth \$20 million during 1965 resulted in 1,458 new jobs and \$8.7 million in new payrolls to Cincinnati, the Chamber of Commerce reports.

CENTRAL PARKING—Rather than attempt to drive into traffic-tangled midtown during the worsening transit strike, many drivers are leaving their cars parked on New York Central Park's East Drive, with police permission.

Proposal . . .

(Continued from Page 1)
progress and simply said that so far there has been no response from Hanoi "to prove either success or failure."

In his careful choice of words the implication was strong that there has been some inconclusive response from Hanoi through other governments.

Much of Johnson's report on the Southeast Asian conflict appeared to be directed to Hanoi as well as to the Congress from which he asked new billions of dollars to carry on the conflict as he may judge necessary.

His message to Hanoi was a combination of peace appeal and war warning, designed to encourage North Viet Nam to break away from Red China. In an apparent reference to Red China he said "there may be some who do not want peace" but welcome continuing conflict in Viet Nam because it suits their own ambitions.

But others, he said in words that seemed written for North Viet Nam, must now realize that the only choice they have is "between peace and the ravages of a conflict from which they can only lose."

Cincy Lists Growth

CINCINNATI (AP)—The addition of 14 new industrial plants worth \$20 million during 1965 resulted in 1,458 new jobs and \$8.7 million in new payrolls to Cincinnati, the Chamber of Commerce reports.

MARKETS

Hog prices, all net, were reported by the Bowling Stock Yards Company here today as follows:

190-220 lbs., \$28.65; 220 - 240 lbs., \$28.15; 240-260 lbs., \$27.65; 260-280 lbs., \$26.90; 280-300 lbs., \$26.15; 300 - 350 lbs., \$24.15; 350-400 lbs., \$23.15; 180-190 lbs., \$28.15; 160-180 lbs., \$27.15.

CASH prices paid to farmers in Ohio:

Kent Corn	1.20
Shelled Corn	1.20
Rye	1.00

Scouts Eye Flying Assn. Invitation

At least four Circleville teenage boys may soon be taking a journey into the wild blue yonder — and get a merit badge to prove it.

They are members of a local Boy Scout Explorer troop who were guests last night at the January meeting of Circleville Flying Assn.

Invited by the association's president, Ronald O'Connor, were Pete Knox, David Matlack, David Russell and Greg Griffith. Absentee members of the troop also will be eligible for an air flight to be provided by association members. Kenneth Knox, troop adviser, said the experience could be part of requirements leading to a Scout merit badge.

The bulk of the association meeting last night consisted of instruction films on air traffic control.

Next meeting of the local group of aviation enthusiasts is scheduled for Feb. 9.

'Tourists' Discouraged On Viet Waterfront

WASHINGTON (AP) — Rep. B. F. Sisk says action has been taken to prevent "casual visitors to Viet Nam" from interfering with the war effort.

The California Democrat said he had complained to Secretary of Defense Robert S. McNamara that "tours of Saigon and excursions to the fighting front" given some U.S. dignitaries "appear to absorb entirely too much time, effort and equipment of our forces there."

Teays Valley School Bus Costs Detailed

Transportation of pupils in Teays Valley School District accounts for 7.6 per cent of the school's yearly budget, according to Benis Lutz, executive head.

More than \$71,000 is budgeted each year for this one facet of the school program, Lutz explained.

The district has 27 buses. All but two of these are owned by the board of education.

They range from 12 years of age to new. The average bus is expected to give about 10 years of service.

Three of the buses in the district are assigned to a "spare status," according to the executive head.

Of the total 2,262 students in the Teays Valley District, 2,012 are transported by bus. Under normal weather conditions, first students are picked up 7:30 a. m. and arrive home as late as 5 p. m.

There are 174 square miles in the district. Buses travel 1,106 miles every day of the school year. Routes vary from 23 miles to 80 miles a day.

From July 1, 1964 to June 30, 1965, drivers' salaries cost \$32,949. Body and chassis repair cost \$12,076; tires and tire service, \$2,543.59; oil and lubrication, \$1,182.70; insurance, \$559.99; \$14,000 for new buses, \$8,159.39 for gasoline.

Lutz said it costs 36 cents per mile to operate a bus.

Five Motorists On Court Docket

The completed traffic docket in Circleville Municipal Court listed five motorists. They were:

Gerald Yates, 37, Marion William M. Smith, 20, Stoutsville; both fined \$10 and costs for speeding 70 miles per hour in a 60 mile zone.

Raymond Huggins, 28, Laurelville; Charles McLaughlin, 33, St. Clair, Mich.; both fined \$15 and costs for exceeding the speed limit by 15 miles per hour.

Paul Ramey, 23, Route 2; \$44 bond forfeiture for failure to maintain an assured clear distance in which to stop.

Tire Is Stolen

Carl Riffe, 717 Maplewood Ave., reported to Circleville Police a tire mounted on a rim had been stolen from his premises.

First Semester Ends

The first semester for schools in Pickaway County ends this week, George D. McDowell, county superintendent of schools announced today.

Report cards will be handed out Jan. 19 he noted.

Nanda Works To Keep Top Job in India

NEW DELHI, India (AP) — Prime Minister G.L. Nanda was reported seeking help today from India's political kingmakers to guarantee his staying in power.

As the senior member of the Cabinet, Nanda, who is 67, succeeded the late Lal Bahadur Shastri after Shastri's death Tuesday. He was said to feel strongly that the ruling Congress Party should not ask him to step down in favor of another candidate.

Challenges to Nanda may come from Defense Minister Y.B. Chavan and Information Minister Indira Gandhi. Both want the job, but whether they make a bid will depend on results of the maneuvering now under way.

Nanda also met today with U.S. Vice President Hubert H. Humphrey and Secretary of State Dean Rusk, who represented President Johnson at Shastri's funeral.

Humphrey said he and Rusk expressed their pleasure at the peace agreement Shastri and President Mohammed Ayub Khan of Pakistan reached in Tashkent just before Shastri's death.

Stock Mart Trades Heavy

NEW YORK (AP) — Aerospace defense issues paced the stock market to a ragged but powerful advance early this afternoon. Trading was heavy.

Boeing and Douglas Aircraft advanced on reports their designs for giant jet airliners will be considered by buyers when this new era in aviation opens.

Airlines also rose solidly. Rails and electronics advanced.

President Johnson's State of the Union address apparently contained no unpleasant surprises and many traders who sold as a precaution in advance of the speech were back in the market.

The Associated Press average of 60 stocks at noon was up 1.2 at 6399, with industrials up 1.4, rails up 1.5 and utilities unchanged.

The Dow Jones industrial average at noon was up .78 at 984.74.

Inmate Loses Both Arms, Leg after Cornpicker Mishap

COLUMBUS, Ohio (AP) — On a spot amputation of an arm and later removal of his other arm and left leg after he was mangled in a corn-picking machine Wednesday left Paul Williams, 51, a Columbus workhouse inmate, in critical condition today.

Due to complete a 30-day term for intoxication today, Williams was working in a cornfield near Port Columbus, the city airport, when he became caught in the machine's blades. His right arm had to be removed before he could be freed from the machinery, and a team of doctors and nurses performed the amputation above the elbow.

Williams of Columbus was taken to Lincoln Memorial Hospital, where his mangled left arm was taken off near the shoulder and his left leg just below the knee.

Sardinia, 120 miles west of the Italian mainland, is losing its reputation as Italy's wild and woolly frontier. Marinas, villas and luxury hotels have transformed Sardinia's bleakly beautiful northeast shoreline into the "Emerald Coast."

3rd National Shareholders Conduct Meet

Members of Board, Officers, Employees Are Named to Posts

Shareholders of the Third National Bank renamed William D. Radcliff as chairman of the board of directors during this week's annual meeting.

Renamed members of the board were Robert N. Call, Dudley J. Carpenter, John W. Eshelman and Richard E. Plum. Plum was re-elected president and Eshelman vice president.

Other officers re-elected were: Robert T. Rader, executive vice president; Kenneth F. Fosnaugh, cashier; David L. Hoffman, assistant cashier; Maxine E. Polling, assistant cashier.

Tellers named during the annual session were Helen A. Dawson, Naomi G. Conley, Evelyn L. Carter and Helen E. Van Fossen.

Manager of the installment loan department is James E. Shaw, with David M. Huffer as assistant.

Other employees of the bank are those in the bookkeeping department. They are Fern M. Congrove, general books and Mona K. Jeffries, proof operator. Bookkeepers are Mary A. Bosworth, Sara Jane Parcells, Norma Jean Payne, Ginger Lee Smalley and Gloria Barr.

Number of U.S. Farms Drops 3 Pct. in Year

WASHINGTON (AP) — An Agriculture Department survey shows that the number of American farms declined 3 per cent last year.

The drop was a continuation of a long trend. The latest estimate is about 20 per cent below the figure of Jan. 1, 1959.

The survey said that on Jan. 1 of this year there were 3,286,000 farms compared with 3,380,000 a year earlier.

The number of U.S. farms hit a peak of 6,812,000 in 1935.

RESCUE AT SEA A BIT INVOLVED—Two men injured at sea on the American dragger Venture I reach Boston's Logan International Airport aboard a USCG helicopter, after an involved operation. They were transferred from the dragger to the Russian fish processing ship Zelenogorsk, then to the USCG cutter Vigilant, then picked up by the 'copter. The injured are Leo Powers, broken leg, in litter, and Donald Clattenburg, facial injuries, both from New Bedford, Mass. The Coast Guardman is unidentified.

School Lunch Programs Curbed by Federal Cuts

COLUMBUS, Ohio (AP) — Ohio school lunch programs are feeling the pinch of a cut in federal milk money and a slackening of free food under another federal program.

The squeeze will get even tighter before the school year ends.

Federal subsidies for milk, already cut 5 per cent this school year, go down another 5 per cent Feb. 1.

Schools also are getting less beef, chicken, and turkey from a federal commodity program than they got last year. This shows up in less varied school lunch menus.

Schools either have to buy more food or cut down the variety of their lunches. Most change menus rather than buy more, which might force increases in plate lunch prices to students.

Until this year, the federal government paid four cents toward the total cost of each half pint of milk served in a school under a school lunch program. This was cut 5 per cent after Congress appropriated \$55 million less for the program than the U.S. Agriculture Department required.

Recently the state was notified of another 5 per cent cut effective Feb. 1, said Raymond M. Lilly, deputy chief of Ohio's school lunch program.

This means schools will either have to charge students more for milk or pay a larger share of the cost of the milk program.

More than 2,600 schools take part in the school lunch program, to serve students balanced plate lunches. They get four cents per lunch in federal funds, and the Ohio total this fiscal year will run about \$5 million.

Separate federal payments for milk run to about \$4 million. Schools which permit students to select their own food rather than buy standard plate lunches are not under the state program. They get one cent less per half pint in milk reimbursement.

About 3,000 schools get food under the federal commodities program. They pay only small administrative costs for this food—30 cents for 32 pounds of butter, for instance.

At full moon, rainbows cast an eerie midnight glow in Kentucky's Cumberland Falls State Park.

Bennington Is Partner In Law Firm

Ronald K. Bennington, son of Mr. and Mrs. Ralph Bennington, 107 Reber Ave., has been named a partner in the law firm of Black, McCuskey, Souers and Arbaugh in Canton, O.

Bennington, a 1954 graduate of Circleville High School, has been associated with the legal firm for approximately three years.

He received his BS degree in 1958 from Kenyon College and was graduated from Ohio State University's College of Law in 1961. He was also admitted to the bar as a practicing attorney in July 1961.

The young attorney is married to the former Barbara Schumm of Circleville. They have one son, Scott Christopher and reside in Canton. Mrs. Bennington is also a 1954 CHS graduate.

A brother, Roger, is associated with attorney J. W. Adkins Jr., 216 S. Court St.

Main Points In LBJ Talk Are Outlined

WASHINGTON (AP) — Here are the major points covered by President Johnson Wednesday night in his State of the Union address:

Domestic—Pledged continuation and expansion of "Great Society" programs, including antipoverty program, rebuilding cities and nondiscrimination in jury selection and sale and rental of housing.

Budget—Outlined fiscal 1967 budget with \$112.8 billion expenditures, \$111 billion revenues, \$1.8 billion deficit. Urged restoration of telephone and auto excise tax cuts, but no general tax increase. Said he would not hesitate to ask for additional appropriations and taxes "if the necessities of Viet Nam require it."

Viet Nam war—Pledged United States would stay in Viet Nam until aggression ends, said time is no longer on side of Communists.

Peace efforts — Said United States seeks self-determination for South Vietnamese, strives to limit conflict, places no arbitrary limits on search for peace but has received no response yet from Communists.

The World Today

By STERLING F. GREEN
WASHINGTON (AP) — Probably no president ever has avowed more firmly the policy of guns with butter.

"We will not permit those who fire on us in Viet Nam to win a victory over the desires and intentions of the American people," President Johnson promised Congress Wednesday night.

But there were strong hints, in the next 5,000 words of his State of the Union message, that — as far as federal spending goes — the country will get a lot more guns and only slightly more butter.

Johnson made clear his view that, while the nation can afford a record \$112.8-billion budget in fiscal 1967, it cannot afford the costlier spread called inflation.

So if it was a guns-and-butter message, it also was an anti-inflation message — an elaborately pieced-together plan for keeping prices in reasonable restraint while waging a war, without sacrificing home-front progress and without imposing a general tax increase which might precipitate a recession.

To prevent an overheating of the economy in the military buildup phase of 1966, Johnson proposed some fiscal fire extinguishers.

One is an apparently rigorous downhold on domestic spending. He said that while the outlays for Viet Nam will climb another \$5.8 billion next year, all other federal spending will rise only 600 million.

Johnson reassured those who feared that his "Great Society" programs would come under the ax, saying, "I believe we can continue the Great Society while we fight in Viet Nam." But some programs, he admitted, will suffer — "because of Viet Nam, we cannot do all we should, or all we would like to do."

Whatever his budget cuts may prove to be, they cannot cushion the strongly inflationary pressure of an arms program on top of a boom.

So Johnson called also for

three special tax actions — quickie, one-shot doses of anti-inflation medicine, to cool the spending fever of industry and consumers during the build-up period.

1. Rescind temporarily the telephone and auto excise tax cuts that took effect 13 days ago.

2. Alter the income tax with

Derby

Mrs. Georgia Sweet
Mt. Sterling 1696K

Nell, Hazel and Sally Ridgeway hosted members of the Derby Cheerio Class on Wednesday evening.

Sympathy is extended to Mrs. James McPherson and family on the loss of her father last week.

Charles McKinley, a resident of the IOOF Home in Springfield, is a patient in Springfield Hospital.

On the birthday list are John Riddle, Jan. 11; Jerry Dingus, Jan. 12; Danny Caudill, Jan. 15.

The Westfall High School basketball scheduled calls for a game at Adena Jan. 14 and one at Mt. Sterling Jan. 21.

Her Hunch Was Right About Having Twins

READING, Pa. (AP) — Mrs. Robert W. Werner, 17, had a hunch she would have twins.

She is a twin, her mother is a twin, and there were sets of twins on her mother's side and her father had twin cousins. Mrs. Werner left a Reading hospital with: Robert Arthur Jr., 5 pounds 9½ ounces, and Ronald Alan, 5 pounds 11½ ounces. The twin boys were born last week.

USE THE CLASSIFIEDS

holding system. Instead of withholding 14 per cent from all paychecks, scale the rate up to, say 20 per cent, for higher-paid taxpayers.

3. Speed up corporation tax payments — not increasing the amount to be paid, but collecting more of it in 1966.

Net result: \$1.3 billion removed from the spending stream.

And eventually, the military spending will ease off. Well before the end of fiscal 1967, the government actually will be in the deflationary posture of taking more money out of the public's pockets than it puts in.

The plan will work, Johnson told Congress, "if you approve every program I recommend."

There's the catch. Will Congress be willing to revamp the whole tax withholding system for a negligible and temporary revenue gain? Will it renege on the excise cuts and change the tax rules for industry?

Quite probably not. But Johnson has served notice: If his plan doesn't work, he'll come back for something more drastic — more military appropriations and a real tax increase.

Peace Corps Recruits College Firebrands

WASHINGTON (AP) — The Peace Corps has stepped into the world of college protest, seeking students who want to help "make the world a little different."

In private discussions and in rough and tumble debates on college campuses, Peace Corps officials are checking up on student leaders representing all shades of political opinion.

"We're interested in the people who can get thousands of demonstrators to turn out because they have the kind of organizational skills that can make democracy work in underdeveloped nations," explained Bob Satin.

Satin, a public affairs officer who ran the Peace Corps programs in the Dominican Republic during the recent revolt, took part in the most notable confrontation in early November — head-to-head debates with Viet Nam protesters on the Berkeley

campus of the University of California.

But Deputy Director Warren Wiggins, who has handled most of the contacts with student leaders, said the sign-wav-

ing activists aren't the main target.

"Most of the so-called activists are quiet activists," Wiggins said in an interview. "They don't carry placards. They do things like tutoring Negro school kids. They work without fanfare. We are trying to understand them and explain the Peace Corps to them."

It all began last summer with some 40 college students who worked at the Peace Corps during their government work-training.

Soon these interns, most of them now seniors, began criticizing Peace Corps advertisements, recruiting techniques, publications.

"They said they were all wrong for college seniors," Wiggins said. "We realized that we had failed to communicate to the average college student the excitement of what the Peace Corps can mean to a country and what the individual volunteer can mean to a community."

Wiggins notes that the U.S. National Student Association has compiled a list of 27,000 jobs

7 County Patrol Auxiliaries Hailed

FINDLAY, Ohio (A) — Col. Robert M. Chiaramonte, Ohio Highway Patrol superintendent, has extended special recognition to patrol auxiliary groups representing Allen, Defiance, Fulton, Hancock, Hardin, Lucas, and Van Wert counties for "their invaluable assistance and service" following a tornado which struck their areas on Palm Sunday, April 11, 1965.

In presenting citations to the county groups, Col. Chiaramonte praised the men for "their fine response in an emergency" and pointed out that their service, which amounted to more than 1,000 man hours, "was an exemplary display of humanitarianism."

Patrolman Goofs Big

KNOXVILLE, Tenn. (AP) — Asst. Police Chief Joe Fowler says he has suspended a patrolman one day for parking his police cruiser in a no-parking zone on the wrong side of the street.

PLEASE CALL FOR AN APPOINTMENT . . .

before bringing beef in for processing so we may give it proper aging and care. Thank you.

FINDLAY, Ohio (A) — Col. Robert M. Charamonte, Ohio Highway Patrol superintendent, has extended special recognition to patrol auxiliary groups representing Allen, Defiance, Fulton, Hancock, Hardin, Lucas, and Van Wert counties for "their invaluable assistance and service" following a tornado which struck their areas on Palm Sunday, April 11, 1965.

In presenting citations to the county groups, Col. Charamonte praised the men for "their fine response in an emergency" and pointed out that their service, which amounted to more than 1,000 man hours, "was an exemplary display of humanitarianism."

Patrolman Goofs Big

KNOXVILLE, Tenn. (AP) — Asst. Police Chief Joe Fowler says he has suspended a patrolman one day for parking his police cruiser in a no-parking zone on the wrong side of the street.

TWO LOTS: CIRCLEVILLE — SOUTH BLOOMFIELD

A Relative Term

Despite all the talk of America's "exploding" population, which is crowding the nation's schools, its highways and its cities, this country has several centuries to go before it will be actually crowded.

As crowded, for example, as The Netherlands, Belgium or Japan.

Currently, according to Washington estimates, the United States accommodates an average of 60 inhabitants for each one of its three million square miles. By comparison, The Netherlands averages 860 persons per square mile. In Belgium the figure is 760; in Japan it is 635.

Obviously, every square mile of the U. S. is not inhabitable or productive. The rugged mountains, the swamps and the deserts in most instances offer little to meet man's physical needs —

now or in the future. But neither are the other crowded lands of the world without their wastelands.

Even so, there is talk of better land utilization in America. Generations to come will be called upon to give more than lip service to the idea.

How soon will America know the crowding with which The Netherlands copes so efficiently? Not until the population of the United States has reached a total of 2.6 billion! This country will be as crowded as India is now when it has 900 million inhabitants, and its population will have to reach 472 million before it is as crowded as present-day China.

But while the U. S. has space to spare, Soviet Russia has even more. It is estimated 200 million inhabitants are spread out 24 per square mile. That's less than half the U. S. figure.

Nobody Wants To Be Defended By John Chamberlain

The other day Mr. Frank Barnett, an able student of strategy who heads the National Strategy Information Center, remarked that what is needed in the present struggle with the Communist powers is a modern equivalent of the old William Allen White Committee to Defend

America by Aiding the Allies. Mr. Barnett has a point. But what do you do in a period in which the Allies, so-called, should be aiding you? To put the trouble in its proper perspective, we might try a switch and form a Committee to Defend the Allies by Aiding America. The main difficulty is that, to be effective, such a committee would need to have its basic chapters in France, Britain, Canada and other "Allied" nations who are currently being defended against the spread of Communism by American efforts in Vietnam and the Caribbean.

The "allied" countries, of course, would laugh at the idea of such chapters. The fact is that we are almost alone in carrying on what should be a common struggle. True enough, Britain has cut down somewhat on shipping goods to North Vietnam, and in South Vietnam we are getting some active military support from the Australians and South Koreans. But Britain, which looks to the United States for help in sustaining a trade embargo against Rhodesia, obviously doesn't care two figs about reciprocating when it comes to embargoing Fidel Castro.

Cuba, indeed, has been getting royal trade treatment from just about every nation that should be defending its own long-term interests by aiding America. Red China may turn Castro down on a rice-for-sugar deal, but Canada is right in there pitching to help Castro stay alive. Wood pulp, eggs, breeding cattle, fertilizers and agricultural machinery flow from Canadian ports to Havana. Some of the wood pulp, made into propaganda - carrying paper, goes right back to Canada for transshipment to the United States. It turned up on American campuses during the peacenik troubles. Worst of all, Cuba gets a supply of essential U.S. - made spare parts through Montreal intermediaries. The U. S. Department of Commerce has recently cited Canadian subsidiaries of U. S. firms for go-between activities that violate our Trading With the Enemy Act. As for Mexico, it has profited for years by its trade with Castro.

The U.S. is denying oil to Britain's breakaway colony of Rhodesia, but Castro is receiving British-made diesel locomotives. More diesels are going to Cuba from France. The French are also supplying Castro with Berliet trucks. De Gaulle may proclaim himself to be above the battle that goes on between the U.S. and such enemies of the free West as Castro and Ho Chi Minh, but it is ironic to note that about half the dollars we pour into South Vietnam turn up eventually in Paris for French goods.

The queerest switch is that Franco's Spain, once the fiercest anti-Communist nation in Western Europe, is now carrying on a brisk trade with Com-

munist Cuba. Last autumn the Spaniards delivered a 13,000-ton ship to Havana, the third of a fleet of twenty-four that are being built for Castro in Spanish shipyards. Spain is also selling busses to Cuba.

The justification for trade used to be that it helped promote an atmosphere of peace. But Castro's chief export, apart from sugar, obviously consists of guerrillas. Cuba aspires to become the North Vietnam of the American continents. It also has trained guerrillas for work in Africa. Tanzania has recently infiltrated Cuban - trained operatives into Rhodesia and the Congo. The Cuban Ambassador to Dar-es-Salaam, Pablo Ribalta, oversees the traffic in subversives between East Africa and Havana.

Refugees interviewed by the Citizens Committee for a Free Cuba in Miami report that Castro's "political agitation schools" and "scholarship centers" have a capacity for turning out at least 25,000 subversives in a year. The trainees are mostly Mexicans, Guatemalans, and Venezuelans.

So it goes as the big conference that has aptly been called the "tri-continental congress of subversion" moves to its conclusion amid ringing "anti-imperialist" speeches in Havana. But who, among the old World War II "allies" of the United States, cares? If all of Latin America were to go Communist, the British and French could sell it busses and diesels. The prospects for a new William Allen White committee aren't very bright when the Allies themselves have no desire to be defended by aiding us.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Please help straighten us out about a question that has arisen at one of our club meetings. Do tonsils serve any purpose? When should they be removed?

Mrs. R. B. Michigan Dear Mrs. B.: The tonsils and adenoids are classed as lymphoid tissue. As such, they are definitely important as a protection against infections. They are considered, too, as being responsible in a yet unexplained way, for building up immunity and resistance against some germs.

The early function of the tonsils and adenoids usually becomes exhausted during early childhood.

Tonsils and adenoids should not be removed as a matter of routine. There are very definite reasons for their removal. Repeated throat infections, enlarged glands in the neck and nasal speech suggest that the tonsils and the adenoids should be removed.

Infections of the ear with impairment of hearing leave parents virtually no choice. Then the tonsils and adenoids must be removed to preserve good hearing.

There is one additional question, the answer to which may be important to your group. Does the removal of tonsils and adenoids prevent colds afterwards? No. Infections do occur even after their removal. However, the frequency, the duration and the severity of the infections are distinctly diminished.

I am 29 years old and perfectly healthy. I have two children and a very nice husband. Although my appearance is youthful, I am distressed about expression lines around my eyes. They make me look much older and give me an inferiority complex. I've heard a great deal about the injection treatments for skin lines. Are they safe? Can you give me the name of a doctor in California?

Mrs. G. M., Calif. Dear Mrs. M.: The nucleus of your problem is your feeling that you are inferior. At your age, a healthy woman with a lovely family has much to be happy about. Yet, you are dis-

Why Is the Printed Word So Important in Advertising?

- It's Clear
- It's Permanent
- It's Believable

The newspaper is the greatest advertising medium for many reasons. One of them is that it carries the power of the printed word. People believe in a message that is permanent; one that is written. They understand it better. The newspaper, because of its permanence, lets the reader choose his own time for absorbing the message. And once put down it can always be picked up again. The message that lives is the one that is written in the newspaper.

More money is spent in newspaper advertising than in all other media combined.

There is one big reason—newspaper advertising produces better results.

Concentrate Your Advertising in The Herald and See for Yourself!

Can you give me the name of a doctor in California?

Mrs. G. M., Calif.
Dear Mrs. M.: The nucleus of your problem is your feeling that you are inferior. At your age, a healthy woman with a lovely family has much to be happy about. Yet, you are dis-

© 1966, by Bennett Cerf. Distributed by King Features Syndicate

tressed by the lines on your face.
It is completely understandable that you should want to preserve your youthfulness. Plastic surgeons have been performing simple and safe operations, which bring gratifying results.

The injections you refer to are very safe. Small amounts of silicone can painlessly be injected to fill out the wrinkles. Your own physician is the best source of referral in any field. He knows the training and qualifications of all his colleagues and can find the one most suited to your financial and emotional needs.

Before you embark on such treatment, you must know now that even a successful cosmetic result does not always change the feeling of inferiority. Disappointment can be great if your desire for personal fulfillment and security does not follow the injection treatments.

I believe that you can spare yourself a great deal of anguish by first discussing the entire problem with your husband, your doctor and, if necessary, a psychologist. If they all agree that you should subject yourself to these treatments, then by all means follow through with your plans.

Changing a flat tire on an open road makes you a clay pigeon for a severe injury.

PROBATE COURT NOTICE
All interested parties are hereby notified that the following Executrices have filed their accounts in the Probate Court of Pickaway County, Ohio:
No. 22037 Addie B. Loose, Executrix of the estate of Theron L. Loose, deceased. First, final and distributive account.
No. 21818 Ruth M. Bowers, Executrix of the estate of Ethel M. Fridley, deceased. First and final distributive account.
No. 21558 Maxine Rudeliff, Executrix of the estate of Scott R. Radcliff, deceased. First and final account.

And that said accounts will be for hearing and settlement before this Probate Court on Monday, February 7th, 1966, at 9 o'clock A. M. Exceptions to said accounts, if any, must be filed herein on or before February 1st, 1966.

Witness my hand and the seal of said Probate Court this 5th day of January, 1966.

GUY G. CLINE
Probate Judge

Why Is the Printed Word So Important in Advertising?

- It's Clear
- It's Permanent
- It's Believable

The newspaper is the greatest advertising medium for many reasons. One of them is that it carries the power of the printed word. People believe in a message that is permanent; one that is written. They understand it better. The newspaper, because of its permanence, lets the reader choose his own time for absorbing the message. And once put down it can always be picked up again. The message that lives is the one that is written in the newspaper.

More money is spent in newspaper advertising than in all other media combined.

There is one big reason—newspaper advertising produces better results.

Concentrate Your Advertising in The Herald and See for Yourself!

World Food Output Lags; Population Up

NEW YORK (AP)—The world produced more food than ever in 1965, but it couldn't keep up with the baby boom.

The U.S. Department of Agriculture reported world food production was up 1½ per cent, but the population increased 2 per cent.

Coffee production was up 51 per cent, but potato production was down 7 per cent, sugar 3 per cent and apples and pears 9 per cent. The rice crop was about the same as the big 1964 total, and wheat output was down slightly.

The booming demand from Asia and South America in particular lifted U.S. rice exports to a record, and raised the threat of tight supplies at home.

Growers in Arkansas, Mississippi, Missouri, Texas and California produced 3.5 million tons of rice last year, a record.

Usually South Viet Nam exports 300,000 to 400,000 tons of rice, but with the war, now it is importing rice — much of it from the United States.

The United States is feeding more of the world.

India, stricken by severe drought, will receive 1.5 million tons of food grains this winter. Chickens have been flown to Chile, hard-hit by storms.

More than half of the wheat, soybeans, dried peas and milled rice produced in the United States end up abroad.

At home, prices of canned corn are inching up, but canned pineapple is plentiful, and so is pineapple juice.

Prices of frozen orange juice concentrate have dropped with the big crop.

FDR Jr. Is Given Nod To Sell Automobiles

WASHINGTON (AP)—Franklin D. Roosevelt Jr. has been assured by the Justice Department that running his local automobile business presents no conflict of interest with his federal post as chairman of the Equal Employment Opportunity Commission.

So, Roosevelt said Tuesday he has assumed his title of board chairman of the firm, Fiat-Roosevelt Motors Inc.

4 American Movies Are Banned in Burma

RANGOON, Burma (AP)—Burma's film censor board has banned four American films from showing within the country, the Working People's Daily says.

The board said the four American films — "Blanket Bingo," "Ski Party," "Pajama Party," and "Muscle Beach Party," portray American teen-agers dancing and frolicking making an exhibition unfit for the Burmese people.

Films Available at Public Library Listed

Officials at the Pickaway County District Library today listed 25 films available for showing during January.

The listing includes both color and black and white films. They pertain to a wide range of educational topics.

Spokesmen said the films require a 16 millimeter sound projector. A fee of 40 cents per film for a 24-hour period is required.

Here are titles and brief descriptions of those available:

THE ALASKAN ESKIMO (color) — Depicts the home life of Eskimo families and their struggles against the elements in a typical village on the Alaskan coast.

ANIMALS OF THE INDIAN JUNGLE (color) — Takes viewers to the jungle country of India to show several representative animals in their native environment.

BICYCLE SAFETY — Points out the responsibilities of rider, the need to maintain bicycles in good mechanical condition and traffic rules.

BURMA, PEOPLE OF THE RIVER (color) — Explores the varied regions and ways of life in the nation of Burma.

CHAUCER'S ENGLAND (color) — Follows Chaucer's pilgrims on their way to Canterbury, telling stories as they ride.

THE CITY (color) — Shows the features of a complex modern city.

DISNEYLAND, U.S.A. (color) — A tour of the 160-acre Disneyland Park at Anaheim, Calif.

EYES IN OUTER SPACE (color) — Walt Disney demonstrates the future use of artificial earth satellites in connection with weather control devices.

THE FRENCH AND INDIAN WAR (color) — A large collection of paintings on the subject.

PROBATE COURT NOTICE

All interested parties are hereby notified that the following Executor, Guardian and Administrators have filed their accounts in the Probate Court of Pickaway County, Ohio:

No. 20314 Carl C. Leist, Administrator with the Will annexed of the estate of Maud E. Roof, deceased. First and final account.

No. 21749 Sara J. Hosler, Administratrix of the estate of Charles R. Hosler, deceased. First, final and distributive account.

No. 21870 George M. Meyers, executor of the estate of Golda H. Meyers, deceased. First and final account.

No. 21958 James T. Sheets, Administrator of the estate of Zelma Sheets, deceased. Final and distributive account.

No. 21081 Ethel M. Hoffman, Guardian of Mary Agnes Hoffman, an incompetent. First and final account.

No. 19917 Muriel G. Ott, Guardian of Bertha Wilson, an incompetent. Fourth and final account.

No. 12370 Muriel G. Ott, Guardian of Thomas B. Walston, ward. Second and final account.

And that said accounts will be for hearing and settlement before this Probate Court on Monday, January 24th, 1966, at 9 o'clock A. M. Exceptions to said accounts, if any, must be filed herein on or before January 18th, 1966.

Witness my hand and the seal of said Probate Court this 22nd day of December, 1965.

GUY G. CLINE
Probate Judge
Dec. 23, 30, Jan. 6, 13.

narrated by the director of Clements Library.

GETTING ALONG WITH PARENTS — Thought provoking film on the problems of high school students. Shows the conflict in five different homes when a group of teenagers plan to visit a night club.

THE GOLDEN FISH (color) — A little boy wins a goldfish as a prize at a carnival. Overjoyed he goes home where he hopes the goldfish will become friends with his pet canary. A catastrophe nearly develops when an alley cat stalks through an open window. But the story ends happily.

GUATEMALA: NATION OF CENTRAL AMERICA (color) — Two typical families from the old and new Guatemala are shown and the problem of "two worlds" is analyzed.

HOW NATURE PROTECTS ANIMALS (color) — Studies defense adaptation which makes it possible for animals to survive natural hazards.

JERUSALEM — THE HOLY CITY (color) — Portrays in technicolor the pageantry of Jerusalem — a city sacred to three major religions — Christian, Jew and Mohammedan.

LIVE TEDDY BEARS (THE KOALA) — Relates the story of the koala family, explaining the adaptation of these strange bears to their environment.

MARIAN ANDERSON — Vignettes of the great singer's life.

15 Members
Attend
WSCS Meeting

Mrs. Forrest Hopkins, Route 2, was recently hostess when members of the WSCS of Mt. Pleasant Methodist Church met. Mrs. John Puffinbarger was co-hostess. There were 15 members present.
Mrs. Frank Palmer was in charge of devotions. Thank you notes were read from Mrs. Ross Morehead, Mrs. Oscar At-wood, Frank Lauderdale, John Moss Jr. and Mr. and Mrs. Mar-vin Miller.
It was announced that a meeting will be held 7:30 p.m. Jan. 19 at Wayne Twp. School to discuss the closing of the school and questions will be answered by the Circleville Board of Education.
A Revival is scheduled at the church 7:30 p. m. daily Jan. 23-30 with the exception of Jan. 26 when a carry - in supper will be held 6:30 p. m.
Plans were discussed for a Christmas Bazaar. It was re-ported that a member, Mrs. Harry Carter, is a patient in Berger Hospital.
Refreshments were served. Guests were Mrs. Joyce Miller, Mrs. Kenneth Strevey and John-ny Hudak.
Mrs. Austin Greene, Route 2, will be hostess for the next meeting Feb. 1.

Colorful New Towels
In Various Designs

By ELEANOR ROSS
One of the most welcome gifts you can take to your hostess is a flock of really attractive kitchen towels.
Any woman enjoys the kitchen and her work in it more when it is dressed up. These days, since guests have a habit of wandering into the kitchen, it is nice to have it as colorful and pretty as possible.
There are also handsome kitchen towels for the ever-growing army of men who like to think of themselves as ama-teur chefs.
We are delighted with a set of colorful terry towels that say, "His Turn to Dry" and "Her Turn to Dry." These could be hung side by side on brass or plastic rings and would serve to remind the master of the house that it is indeed his turn to take a turn at the washing-up procedure.
A third towel, this one printed with a big red rooster, is meant for keeping the hands dry. It is necessary to keep a hand - drying towel convenient in the kitchen unless of course, there is a roll of paper towels. No one should be tempted to wipe hands on towels that are meant to dry clean dishes.
There are handsome towels designed to inspire the cook to better menus — such as the one printed with the reminder that "Variety Is the Spice of Life." It is of meals, too.
Delightful terry towels come with ruffled borders in con-tracting colors. Some towels with calendars should help to keep the homemaker on the track of her shopping days.
Lint - free linen towels are printed with fruits and vegeta-bles and such things as spice jars.
These towels are all so pretty that they should be with-drawn from the job as soon as they show the slightest sign of dirt or use. They should be put in the washer at once for they are too pretty to get bedrag-gled looking and so spoil the appearance of the kitchen. The same goes for pot-holders and other washable kitchen items.

Dear Abby: By Abigail Van Buren
It's Prejudicial!

DEAR ABBY: We just moved from the South to the West Coast. We have Southern ac-cents, and every time one of us opens our mouth, we get looks that would freeze the ears off a brass monkey. Our son had three fights in school last week. He is only eight years old, and every fight has been because some kid said some-thing hateful about the South. They undoubtedly heard it at home and were only repeating, but it hurts just the same. These Northerners claim that THEY are not prejudiced, that WE are. But they are sure not prac-ticing what they preach. How are we supposed to cope with this kind of treatment?
SOUTHERNERS
DEAR SOUTHERNERS: On-ly education will overcome pre-judice. But those who refuse to learn cannot be taught. Try to teach your children to respect the other person's point of view, even though he may not share it. And to "speak softly but carry a big stick." (Teddy Roo-sevelt.)
DEAR ABBY: Four of us girls who work together have lunch at a small luncheonette every noon. We leave work a few minutes early to be sure we get a booth. We eat our lunches at a normal rate. The place fills up quickly, and when we have a cigarette leisurely with a second cup of coffee, the glares we get from the custo-mers who are standing over us, breathing down our necks, are enough to kill. We ignore them as though they weren't even there. We do not intentionally sit there just to be mean. We've paid for our lunches and think a second cup of coffee (and a third if we feel like it) with a cigarette is not taking advan-tage. We'd like your opinion.
THE FOUR DOLLS
DEAR DOLLS: If you can, in good conscience, sit and have a second and third cup of coffee "leisurely," while others are standing and waiting to be fed, then you must expect glares. (I would glare, too.)
DEAR ABBY: I am planning my wedding and would like your opinion on something. We are making up the guest list, and my parents want to invite so many people who are stran-gers to me and my fiancé that we are not able to invite our friends.
The church is small and our finances are limited. My fath-

Brooks-Yates Pupils Present CCL Program

Students of the Brooks-Yates School presented the program when members of the Child Conservation League met in the First EUB Church.
Mrs. Glenn McCoy, presi-dent, conducted the business meeting. She announced that additional contributions to the Revolving Scholarship Fund had been received.
During the program students performed dances, sang songs, recited poems and introduced themselves. Mrs. Leora Sayre and Mrs. David Whaley, teach-ers, explained the school's pro-gram and teaching methods.
Mrs. Walter Yamarick and Mrs. Edward Grigg reported that the Christmas basket and toys were delivered and thanked for the members for their con-tributions.
Mrs. Kenneth Hannan, treas-

urer and ways and means chairman, gave a budget and income comparison report. She asked members to finish their projects and submit the re-ceipts by the end of March. She also announced that a box will be available at the February meeting for donations from the

Goodie Basket recipients. The next meeting will be held in the home of Mrs. Fritz Jacobs.
The U. S. Geological Survey is preparing geologic maps of the moon's surface covering 9 million square miles — an area approximately equivalent in size to the North American con-tinent. The scale of the maps is 1 inch equals 16 miles.

DEAR ABBY: I am planning my wedding and would like your opinion on something. We are making up the guest list, and my parents want to invite so many people who are stran-gers to me and my fiancé that we are not able to invite our friends.
The church is small and our finances are limited. My fath-

er's business acquaintances and my mother's club ladies have used up most of the guest list. I realize my parents are paying for this wedding, but I don't think my wedding should be used as an occasion to pay off social and business obligations. How do you feel about this, Abby?

BLUE BRIDE

DEAR BRIDE: The close friends of the bride and groom should be first on the list, fol-lowed by relatives, and then close friends of the couple's par-ents. Since the number of guests must be limited, a compromise must be made. Casual ac-quaintances of the couple, and business and social friends of the bride's parents should be in-cluded only if there is room.

Teach Youths How To Hold Liquor

NEW YORK (AP) — A Harvard University psychiatrist proposes that a new course be taught in the nation's schools and colleges—"practice drinking."

The psychiatrist, Dr. Morris Chafetz, told a conference Wednesday on "Alcohol and

Food in Health and Disease" that the purpose of the course would be to instruct young people how to drink socially under supervised conditions.

"Alcohol is here to stay," he said, "and people must learn to develop a healthy attitude toward it."

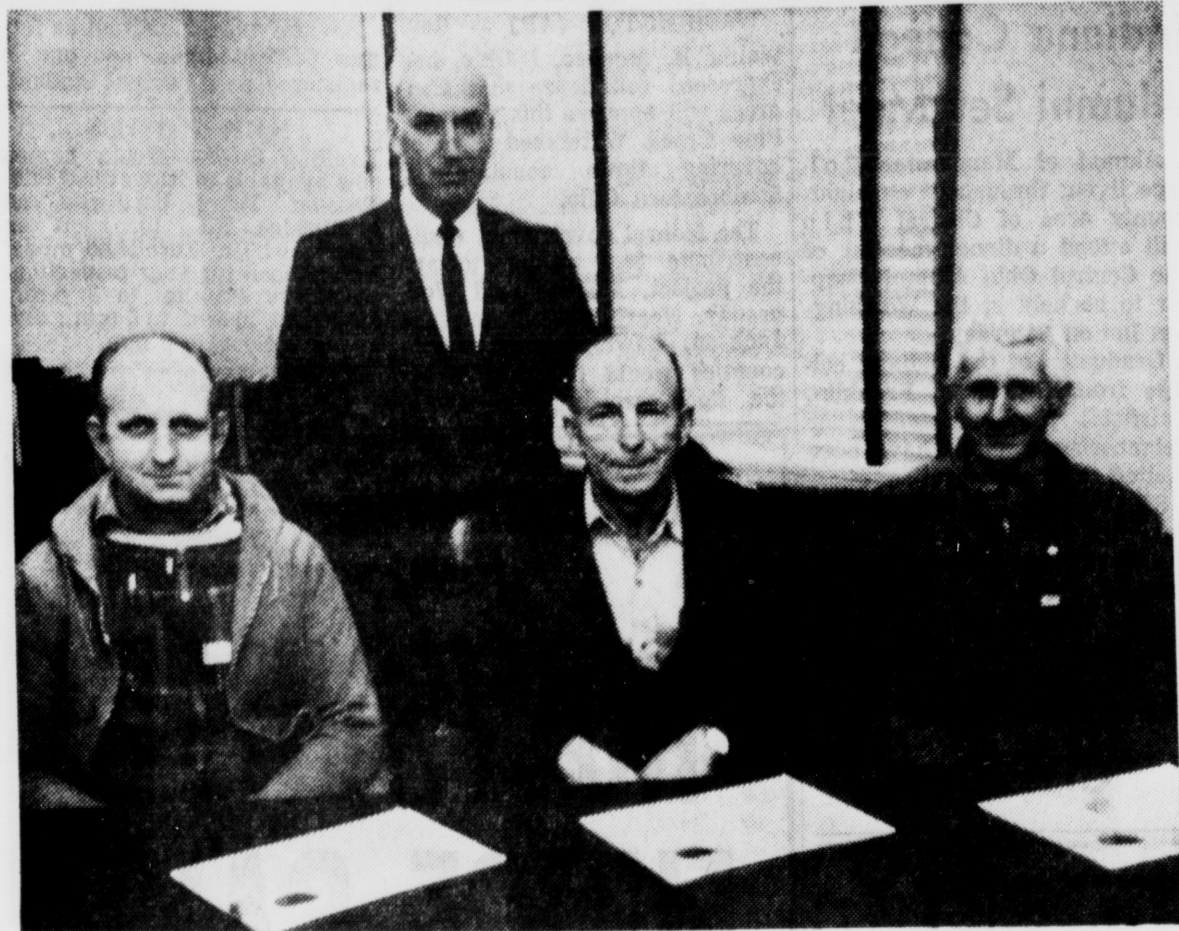

Chafetz suggested that "practice drinking" be initiated at a very early age, in elementary school, and continue through college. He said that the youngest children should be given very weak drinks at first, perhaps sherry in water, with the alcoholic contents gradually in-

creased for the older students.

Chafetz, an assistant clinical professor of psychiatry at Harvard, is also director of the Alcoholic Clinic and Acute Alcoholic Psychiatric Service of Massachusetts General Hospital in Boston.

He told the conference that the home is not the place to teach youngsters how to hold their liquor because many parents have guilt feelings about their own drinking. In school, he said, the young people could be instructed on the hazards of improper use of alcohol.

Chafetz contended that the drinking would not encourage heavy consumption but would reduce it because there would be fewer heavy drinkers. By drinking small amounts with others, he said, the young would learn how to form relationships and derive a sense of relaxation and well-being from the experience.

LONG SERVICE — Three employees of John W. Eshelman & Sons, local feed manufacturers, were awarded service pins and citations Wednesday afternoon. They are, seated left to right: Clyde Steele, Stoutsville, 20 years; L. W. Hoffman, assistant plant superintendent, 1435 N. Court St., 25 years; and George Fowler, 470 Half Ave., 25 years. The twenty-five year pins have diamond settings. D. J. Carpenter, Circleville plant manager (standing) presented the awards.

Jersey Lacks Sites For Water Reservoirs

NEW BRUNSWICK, N.J. (AP) — New Jersey is running out of suitable reservoir sites as housing developments swallow up the countryside, says a state water engineer.

Donald J. Kroeck, supervising engineer of the State Division of Water Policy and Supply, said the state must act promptly to buy up sites for future water reserves.

The great flat barges on the Barge Canal in upstate New York still push about 3,800,000 tons of cargo each year. There also has been a tremendous increase in the use of the 527-mile canal system by pleasure craft.

Darbyville News

Business Briefs

Two men from this area have completed a real estate appraisal course in Columbus sponsored by the Ohio Chapter of the American Institute of Real Estate Appraisers.

The local men are Glenn F. McCoy, Route 3, a right-of-way engineer for the State Highway Department, and Russell G. Dawley, Route 1, a salesman for McNaughton and Cartwright.

Designed to provide a basic knowledge of real estate appraisal principles, methods and techniques, this course is recognized by business, industry and government official as the finest of its kind.

More than 100 people from throughout Ohio participated in the five - week course conducted on Fridays and Saturdays.

James W. McNamee, former vice president and cashier of the Ohio National Bank of Columbus, was elected vice president of BancOhio Corporation, holding company for the Ohio National Bank and 22 central and southern Ohio banks, including the Second National in Circleville.

Derrol R. Johnson, President of BancOhio Corporation, also announced the nomination of John M. Caren, Columbus Attorney, and Henry M. O'Neill, Sr., president of 10 Seven-Up Bottling Companies in Ohio, Michigan and Georgia, for membership on the board of directors of BancOhio Corporation at the annual meeting in February.

Formality, Cornpone Blend For President's Address

WASHINGTON (AP) — Dramatically the rear doors of the House swung open and in bounced portly William M. Miller, the man known as "Fish Bait." In a voice redolent of his native Pascagoula, Miss., the House doorkeeper bawled: "Mr. Speaker, the President of the United States!"

Thus, with a blend of formality and cornpone, the familiar pageant began again. As required by the Constitution, Lyndon B. Johnson had come to report on the State of the Union.

Each year it seems something new is added. Wednesday night for the first time a State of the Union message was televised in color, and more than 40 floodlights lit up the old chamber. Mrs. Johnson wore red, the wife of the vice president, Mrs. Hubert H. Humphrey, wore blue.

If you had to name a color for the speech you'd have to say it was a somber brown.

This was a strange speech Johnson made, for it was really two talks tacked on to each other.

He opened with a roadmap to the "Great Society," but this halted after six and a half pages with this notation:

"(This is the end of the first section.)"

Then came the second half, on Viet Nam. As the President himself said in summing up the nation's prospects:

"Over it all — wealth, promise, and expectation — lies our troubling awareness of American men at war."

Johnson was applauded 57 times in the 52 minutes he talked, but, as usual on these occasions, the cheering was often more mechanical than en-

Thousands of stones bearing curious Viking inscriptions are scattered throughout Scandinavia. They bear testimony to the exploits of the seafaring Norsemen and offer examples of the first written Germanic language.

Teach Youths How To Hold Liquor

NEW YORK (AP) — A Harvard University psychiatrist proposes that a new course be taught in the nation's schools and colleges—"practice drinking."

The psychiatrist, Dr. Morris Chafetz, told a conference Wednesday on "Alcohol and

Food in Health and Disease" that the purpose of the course would be to instruct young people how to drink socially under supervised conditions.

"Alcohol is here to stay," he said, "and people must learn to develop a healthy attitude toward it."

Chafetz suggested that "practice drinking" be initiated at a very early age, in elementary school, and continue through college. He said that the youngest children should be given very weak drinks at first, perhaps sherry in water, with the alcoholic contents gradually in-

creased for the older students.

Chafetz, an assistant clinical professor of psychiatry at Harvard, is also director of the Alcoholic Clinic and Acute Alcoholic Psychiatric Service of Massachusetts General Hospital in Boston.

He told the conference that the home is not the place to teach youngsters how to hold their liquor because many parents have guilt feelings about their own drinking. In school, he said, the young people could be instructed on the hazards of improper use of alcohol.

Chafetz contended that the drinking would not encourage heavy consumption but would reduce it because there would be fewer heavy drinkers. By drinking small amounts with others, he said, the young would learn how to form relationships and derive a sense of relaxation and well-being from the experience.

Business Briefs

Two men from this area have completed a real estate appraisal course in Columbus sponsored by the Ohio Chapter of the American Institute of Real Estate Appraisers.

The local men are Glenn F. McCoy, Route 3, a right-of-way engineer for the State Highway Department, and Russell G. Dewley, Route 1, a salesman for McNaughton and Cartwright.

Designed to provide a basic knowledge of real estate appraisal principles, methods and techniques, this course is recognized by business, industry and government official as the finest of its kind.

More than 100 people from throughout Ohio participated in the five-week course conducted on Fridays and Saturdays.

James W. McNamee, former vice president and cashier of the Ohio National Bank of Columbus, was elected vice president of BancOhio Corporation, holding company for the Ohio National Bank and 22 central and southern Ohio banks, including the Second National in Circleville.

Derrol R. Johnson, President of BancOhio Corporation, also announced the nomination of John M. Caren, Columbus Attorney, and Henry M. O'Neill, Sr., president of 10 Seven-Up Bottling Companies in Ohio, Michigan and Georgia, for membership on the board of directors of BancOhio Corporation at the annual meeting in February.

Formality, Cornpone Blend For President's Address

WASHINGTON (AP) — Dramatically the rear doors of the House swung open and in bounced portly William M. Miller, the man known as "Fish Bait." In a voice redolent of his native Pascagoula, Miss., the House doorkeeper bawled: "Mr. Speaker, the President of the United States!"

Thus, with a blend of formality and cornpone, the familiar pageant began again. As required by the Constitution, Lyndon B. Johnson had come to report on the State of the Union.

Each year it seems something new is added. Wednesday night for the first time a State of the Union message was televised in color, and more than 40 floodlights lit up the old chamber. Mrs. Johnson wore red, the wife of the vice president, Mrs. Hubert H. Humphrey, wore blue.

If you had to name a color for the speech you'd have to say it was a somber brown.

This was a strange speech Johnson made, for it was really two talks tacked on to each other.

He opened with a roadmap to the "Great Society," but this halted after six and a half pages with this notation:

"(This is the end of the first section)"

Then came the second half, on Viet Nam. As the President himself said in summing up the nation's prospects:

"Over it all — wealth, promise, and expectation — lies our troubling awareness of American men at war."

Johnson was applauded 57 times in the 52 minutes he talked, but, as usual on these occasions, the cheering was of ten more mechanical than en-

Thousands of stones bearing curious Viking inscriptions are scattered throughout Scandinavia. They bear testimony to the exploits of the seafaring Norsemen and offer examples of the first written Germanic language.

Debate Seen For New Race Equality Bid

WASHINGTON (AP) — President Johnson's bid for laws to guarantee equality for Negroes in the courts and in housing is expected to touch off a hot fight on Capitol Hill.

"This will be the toughest one yet," predicted a high administration veteran of congressional struggles over the 1964 Civil Rights Act and 1965 Voting Rights Act.

Johnson, in his State of the Union message Wednesday night, proposed laws to:

- Guarantee nondiscriminatory selection of jurors in state as well as federal courts;
- Strengthen federal court authority over violence against civil rights workers and stiffen the federal penalties for such violence;
- Ban racial discrimination in the sale or rental of housing.

Justice, the President said, is one of the roads converging on the Great Society. And "simply defined," he declared, "justice means a man's hope should not be limited by the color of his skin."

Of pressing tactical concern to the administration were the reservations expressed by Senate Republican Leader Everett M. Dirksen of Illinois. He lent vital support to the 1964-65 civil rights legislation, and is regarded as the key to breaking any Southern filibuster over racial laws.

"This is really using the ax on the judicial sovereignty of the states," Dirksen said.

Justice Department lawyers have a head start in meeting Johnson's demands for laws to deal with discrimination in the selection of jurors. He ordered preparation of such a law several months ago.

And they have been struggling over a draft bill to increase federal jurisdiction over racial violence since last March 26, when Johnson ordered a law to curb the activities of the Ku Klux Klan.

President John F. Kennedy once issued an executive order aimed at ending racial discrimination in federally aided housing. Still, civil rights groups have clamored for more action. Justice Department experts have yet to get their teeth into this area, but they say they'll be on sound constitutional ground in extending anti discrimination laws to privately financed housing.

The administration is expected to ask Congress to make the federal jury selection system a model for the states to follow.

While no firm decisions have been reached on the language of the legislation, one of its victims is expected to be the "key man" system of federal jury selection as practiced in the South and some other judicial circuits.

Under this system, prominent community leaders are asked to submit lists of recommended, trustworthy jurors. This method often excludes from jury service a large percentage of the population—people who, by virtue of race, poverty or lack of social standing, are unknown to the "key man."

TODAY In History

By THE ASSOCIATED PRESS

Today is Thursday, Jan. 13, the 13th day of 1966. There are 352 days left in the year.

Today's highlight in history: On this date in 1733, James Oglethorpe landed with about 130 colonists at Charles Towne—now Charleston—South Carolina. An aristocrat by birth, he was granted a royal charter to much of what now is Georgia to open a home for debtors and persecuted religious groups for Britain.

On this date: In 1834, Horatio Alger, whose stories of the rise of worthy boys inspired a whole generation of American youth, was born at Revere, Mass.

In 1848, Vancouver Island was acquired by the Hudson's Bay Company.

In 1864, composer Stephen Foster died in New York.

In 1935, the Saar territory voted to return to Germany.

In 1942, Donald Nelson became chairman of the War Production Board.

Ten years ago — President Dwight Eisenhower appointed a board to review the work of the Central Intelligence Agency.

Five years ago — A federal district court ordered the reinstatement of two Negro students in the University of Georgia; they had been suspended after becoming the first of their race to enroll.

One year — Two U.S. jet fighters were shot down over Central Laos while on a combat mission against Communist supply lines.

Elections Post Selection Made

Miss Lucille Dumm, 340 Walnut St., was unanimously recommended for a full term as a member of the Pickaway County Board of Elections Wednesday by the Republican Executive Committee.

Miss Dumm is now serving on the elections board completing the unexpired term of the late Dr. G. D. Phillips.

The new GOP term will become effective in March.

Mt. Vernon Labor Mart To Be Tested

MOUNT VERNON, Ohio (AP) —Edmont, Inc., of Coshocton plans to test the labor market in this area to determine if it can find enough women to operate a glove manufacturing plant.

The company said Wednesday it will set up a temporary facility in the Mount Vernon Industrial Park initially employing 50 women.

The continent of Asia, covering about 16.9 million square miles, is the world's largest. Africa (11.5 million square miles) ranks second and North America (9.3 million square miles) is third.

Harlen Stevens left last week to work at Savannah, Ga., on construction until March when he will return to Iran to help finish an airfield being constructed there.

4 More Young Persons Arrested in Dope Roundup

COLUMBUS, Ohio (AP)—The Akron-Columbus dragnet hauling in young persons for trafficking in marijuana or using the narcotic has spread to suburbs of the two cities—and one of four newly charged is the son of a former mayor of Akron.

Edward O. Erickson Jr., son of the former mayor, and a fellow student at Kent State University, David A. King, were picked up at their living quarters in Kent Wednesday.

They were charged with violating narcotics laws or conspiracy to violate the laws. Erickson, a KSU sophomore, was released on \$2,000 bond.

A raid on a home in Westerville brought the arrest of Robert F. Yance, 24, an Ohio Welfare Department caseworker, and charges against him and his wife, Charlene, 23, for illegal possession of narcotics.

Planned Parenthood Program To Double

NEW YORK (AP) — The International Planned Parenthood Federation says it plans to double its program to meet population crises in developing countries this year.

Gen. William H. Draper Jr., chairman of the Victor Fund for the federation, said the fund's original goal of \$3 million has been oversubscribed by 25 foundations, corporations and individuals.

Two ounces of marijuana were found in their kitchen cupboard.

Yance was to be arraigned in Columbus Municipal Court today, his wife Friday.

The latest arrests brought to 16 the total since Monday—four in the Akron area and 12 in Columbus' area.

The crackdown developed after Akron police, saying they

believed there was heavy traffic of marijuana into the city from Mexico, nabbed Ralph Reimenschneider, 26, and another man Monday.

Police said they confiscated 25 pounds of the "weed" in that raid, much of it in Reimenschneider's automobile.

Moeller Sees OK For Pine Creek Job

WASHINGTON (AP) — Rep. Walter H. Moeller, D-Ohio, has expressed confidence that Congress will approve this year the Pine Creek Watershed Project covering three counties in Southeastern Ohio.

The federal government would contribute \$1.2 million toward the project, Moeller said Wednesday. Nearly 120,000 acres in Jackson, Lawrence and Scioto counties would be affected by the flood protection program.

That initial move led to raids at several apartments in the Ohio State University area on Columbus' North Side Tuesday, with 10 persons arrested and charged prior to the two at Westerville.

Six of the 10 brought before Municipal Judge Clifford Rader here Wednesday pleaded innocent and were ordered held under bond pending further action.

Several were identified as former OSU students, and one is registered as a current student.

Circleville

Vietnamese Boy 'Adopted' By Eshelmans

BUI DOAN

A Circleville family has financially "adopted" a 10-year-old Vietnamese boy through Foster Parents' Plan Inc.

Mr. and Mrs. John W. Eshelman, 484 N. Pickaway St., have "adopted" Bui Doan in place of a youngster whom they previously sponsored that no longer needs the assistance of PLAN.

The "adoption" is financial, not legal, and costs \$15 a month for a minimum of one year. The foster parent receives a photograph and case history of his child.

Through a monthly exchange of letters, original and translation are transmitted by PLAN, foster parents and children get to know one another. Foster children often ask for pictures of their "family" and want to know family background.

The \$15 a month provides a child with a cash grant of more than half the amount, new clothing, household equipment complete medical care and education.

Foster Parents' Plan is a non-sectarian, non-profit, non-propaganda, independent, government-approved organization. PLAN has no professional fundraisers and its financial statement is mailed with pride to anyone who asks for it.

Children may be selected according to age, sex and nationality.

Additional information may be obtained by writing to Foster Parents' Plan Inc., 352 Park Ave. South, New York, N.Y. 10010.

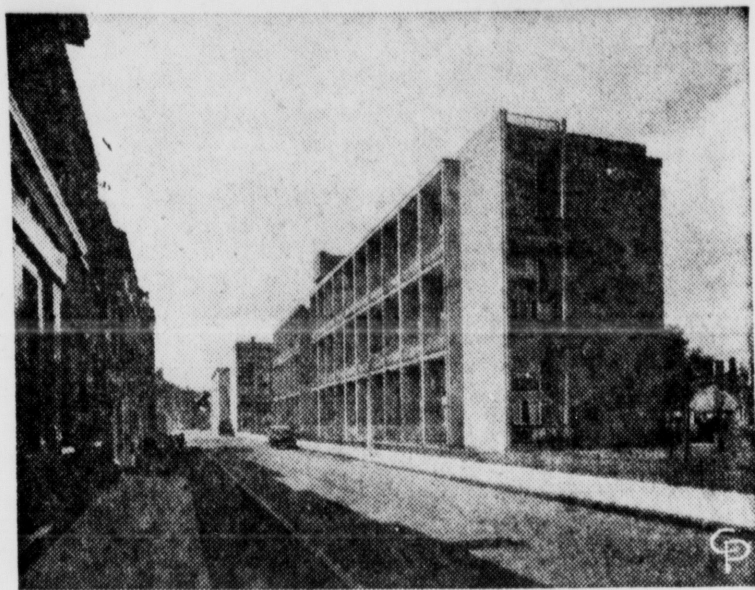

Dayton Physician Awaits Sentencing

DAYTON, Ohio (AP)—Federal Judge Carl A. Weinman has withheld his ruling pending a per sentence report in the case of Dr. Gregory Floridis, 60, Dayton physician accused of evading \$64,745 in federal income taxes 1959 through 1962.

Floridis entered a "no contest" plea Wednesday after withdrawing a previous plea of not guilty.

Brown Is Assigned

WASHINGTON (AP) — Rep. Clarence J. Brown Jr., R-Ohio, was named Wednesday to the House Government Operations Committee, a committee his father, who died last year, also served on.

This London suburb has found its way back from almost total destruction under the hammering of World War II bombings.

Britons Build at Fast Pace To Replace Damaged Homes

By PAUL A. SHINKMAN
Central Press Association
Correspondent

LONDON — The ancient Greek legend of the dying Phoenix which soared from its ashes to take on a new and greater life is no legend in the 1965 thinking of approximately five million Britons who last year found themselves in new homes mostly built on the ruins of the last war.

It is careful planning — not a bird — which is slowly but surely restoring the British Commonwealth to a new place among the nations of the world, according to Witold Kay, senior planner of the Greater London Council's Planning Department.

The long, hard row of replacing war damages and prewar slums has led to the birth of 21 new towns in Britain — 17 in England and Wales, and four in Scotland. Eight of these new towns in England and Wales are designed to absorb some of the population load of the Greater London area.

While the average height of the new buildings in the crowded County of London is limited to four stories, a far more exact requirement is the matching of height and design with physical surroundings.

Every request for a high-building permit in a specific area is immediately checked with the nearest pin on the master chart, which carries the corresponding color — red, yellow or blue — each of which represents a unit of altitude.

The Greater London Council has taken over from the long-standing London County Council the duties of a so-called Town Planning Institute. Its committee is composed of lay members selected by the London County Council Town Planning Committee and operates as a special housing committee.

The council's vast project has acquired top - flight prestige and invaluable advice as a result of the co-operation of the Royal Fine Arts Commission. This body includes artist and professional men and women of considerable stature who serve without pay as an advisory commission.

However, visual beauty and comfortable housing are not the only goals of the powerful and historic crusade which Britain has launched in the wake of a destructive war, and on the threshold of a new era of comfort and well - being for its people and their crowded "tiny island."

Apart from the long - standing crusade for open space (which now adds up to a residential density of from 70 to 200

persons per acre on the outskirts and in the centers of the county respectively), there is a yearning for private enterprise.

The newest "Britain Hand - book," now on the presses, reports that "private enterprise is now responsible for half the housing being built in Britain (some 224,000 of a total of 383,000 dwellings built in 1964)."

The official report reveals that "the rest is built by local authorities, new town development corporations, the Scottish Special Housing Association, Ltd., the Northern Ireland Housing Trust and certain government departments (for housing families of the armed forces or other services."

"Local authority housing is normally built for letting private by sponsored dwellings for owner occupation . . . Nearly 58 per cent of houses and flats built since 1945 have been built by local authorities (that is, generally, by private builders under contract to the authorities.)"

"Local authorities are responsible for seeing that adequate standards are maintained in all newly built houses, for slum clearance and for ensuring that, as far as possible, housing conditions are satisfactory in their areas."

Gabby Indians

BOMBAY, India (AP) — Gab — Gab! That is what M. S. Muthanna, general manager of Bombay Telephones, says residents of this city do.

Muthanna said the average daily number of calls per telephone is 16, against four to six in foreign countries; and that the average duration of a call is five minutes, contrasted with 70 to 80 seconds in foreign countries.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Tax Receipts Show Increase For Period

Collections for Year Pass 1964-65 Amount In Pickaway County

Sales tax collections in Pickaway County for the two-week period ending Jan. 8 were more than double receipts of one year ago, according to a report from the office of John D. Herbert, state treasurer.

The report listed collections at \$18,315.31, compared to \$9,035.28 for the similar two-week period in 1965.

With the large jump in collections, the total for the fiscal year moved ahead of the amount collected during a similar period of the 1964-65 fiscal year.

State Treasurer Herbert reported collections reached \$182,254.71 for the fiscal year. A year ago tax receipts were \$181,880.76.

Mortor vehicle tax receipts of \$10,608.45 for the two-week period brought the total for the year to \$152,719.29. This compares to collections of \$8,178.18 of a year ago for a two-week period and \$135,466.33 for the fiscal year.

NFO Schedules 1966 Election

The annual election of officers for the Pickaway County NFO will be held 8 p. m. Jan. 18 in the 4-H and Grange Building.

The five member meat bargaining committee will also be elected at the January meeting. All Pickaway County NFO members are urged to attend.

Lakes Tonnage Is Up

CLEVELAND, Ohio (AP) — The Lake Carriers Association says more than 195.3 million net tons of iron ore, coal, grain and limestone were shipped on the Great Lakes last year — three million tons over 1964.

Oberlin Campus Sells Beer First Time in 133 Years

BERLIN, Ohio (AP) — For the first time in Oberlin College's 133-year history students can buy beer on campus — if they are willing to go along with a little red tape.

The red tape requires purchase of a \$1 membership to the student-operated rathskeller and a \$2.50 commodity card, which is stamped each time beer is purchased.

Less than one-fifth of the 2,500-member student body belongs to the Oberlin Student Commodities Association, a nonprofit corporation. But William Winn, a senior from Cincinnati, and an officer of the organization, says he expects the membership to grow.

Membership is open to faculty and college staff members, too, Winn said.

The rathskeller in Wilder Hall sells 3.2 per cent beer as well as soft drinks, coffee and food.

Commodity cards entitle members to 10 mugs of beer. The brew also is sold in pitchers.

Winn said the only limit on the amount of beer a member can buy is based on the number of commodity cards he or she buys or whether it's obvious a member has had too much to

drink. He said no instances of drunkenness have been reported.

The rathskeller operation conforms to a recent board of trustees' ruling that beer can be consumed on campus, but not sold by the college.

Previously, 3.2 beer could be consumed only in designated dormitory areas and party rooms on campus.

This college town bans sale of alcoholic beverages stronger than 3.2 beer.

Money from the beer sales provides for the beer, a bartender, cleanup services, waitresses and students hired to check membership cards and the card bearers' affiliation with the college.

Coleman, Glenn Say They Are Not Candidates

COLUMBUS, Ohio (AP) — State Democratic Chairman William L. Coleman says he's not a candidate "at this time" for governor or lieutenant governor; so does former astronaut John Glenn Jr. with much more finality.

The Buckeye political wheels kept spinning with approach of the Feb. 2 filing deadline for the May primary with these developments Wednesday:

—Coleman lauded State Sen. Frazier Reams Jr. of Toledo, announced Democratic aspirant for lieutenant governor also mentioned for governor, as perhaps "very well the one to lead the party."

—As for speculation he himself might be a candidate for the No. 1 or No. 2 spot on the ticket, Coleman repeated: "I am not a candidate at this time."

—Glenn, Democratic candidate for the 1964 nomination for U. S. senator from Ohio until injured in a bathroom fall, said from Houston, Tex., he indeed has been approached—"by several" people—about entering the Ohio primary for governor. He declined to mention names and said he definitely won't run. He added he has no future political plans "at this time."

—Former Gov. Michael V. DiSalle, still regarded top contender for the Democratic gubernatorial nomination, remained mum.

—Coleman said he planned to talk things over with DiSalle before another scheduled meeting of the Screening Committee here Monday. Party members said the committee appeared stymied on recommending a ticket to the state Central and Executive Committee until DiSalle declares his intentions.

—On the Republican side, Republican state headquarters announced the GOP State Central and Executive Committee's policy group will meet here Jan. 20 to review plans for the 1966 campaign. State Chairman John S. Andrews will confer that day with chairmen of Ohio's 11 most populous counties to review progress in obtaining a full slate of legislative candidates.

Antioch Seeks Peace Corps Tie

YELLOW SPRINGS, Ohio (AP)—The Peace Corps is negotiating with Antioch College for a three-month planning session to design a summer training project for college students intending to enlist in the corps after graduation in 1967.

Acting President J. D. Dawson said one aim of advance summer training for students between junior and senior years is that "some of the studies these students take during their senior year will extend and deepen their preparation for Peace Corps service."

First objective of the planning contract will be to work out an advanced training program at Antioch this summer for about 75 students planning to go to Colombia, South America, upon their graduation in 1967.

No Shadows in Illinois

JERSEYVILLE, Ill. (AP) Ground hog shadows hereabouts are scarce on ground hog day.

Mark Matthews collected 307 ground hog scalps this year. Matthews bagged more than 400 ground hogs last year. His hobby pays him 25 cents a scalp, a scalp.

A DOG'S LIFE IS HAPPY AGAIN—Roscoe, female Irish setter missing more than a year, is back home again with the William Grill family in Philadelphia, and thankfulness is written all over her. Showering Roscoe with attention are the Grill children, Kelly Ann, 6, Missy, 3, and Billy, 4. A doctor in a New York hospital had Roscoe along with other dogs for experimental purposes, but Roscoe seemed so homesick he felt sure she was a family pet. Notification to the Lost Dog Society of Philadelphia turned the trick.

State of Union Report Is Given

(Continued from Page 1)

There was criticism from both parties — especially among members of the Senate Finance Committee—for Johnson's proposal that excise taxes on automobiles and telephone calls—reduced Jan. 1—be restored to meet increased military spending.

"Personally I would rather raise taxes on liquor and tobacco than make the changes the President suggests," said Sen. Russell B. Long, D-La., the new Finance Committee chairman.

"I am opposed" to rescinding the phone tax cut, said Sen. Frank Carlson, R-Kan., senior OP member of the committee. But Sen. William Proxmire, D-Wis., said "The President's courageous and sensible call for increased revenues to meet the sharp step-up in defense is in the best tradition of responsible government."

Johnson also proposed stepped-up corporate tax collections and revisions in withholding of income taxes but urged no general tax boost.

He said: "If the necessities of Viet Nam require it, I will not hesitate to return to the Congress for additional appropriations and additional revenues."

Johnson devoted about one-third of his 52-minute speech to Viet Nam.

After restating U.S. determination to remain there until aggression is halted, he mentioned the 21-day pause in bombing of North Viet Nam and said the government has been working "with imagination and endurance—to remove any barrier to peaceful settlement."

Johnson said "we will work for a cease fire now or once discussions have begun. We will respond if others reduce their use of force; and we will withdraw our soldiers once South Viet Nam is securely guaranteed the right to shape its own future."

If peace efforts fail, he said,

How Weather Looks Today

SOUTHEAST OHIO — Cloudy and colder tonight, low 22-28. Friday mostly fair with little change in temperature, high 36-40.

Cigarette Lighter Leads to Boy's Death

NEWARK, Ohio (AP) — Authorities believe 3-year-old Deanie Berry of nearby Granville was playing with a cigarette lighter Wednesday shortly before he died in a fire at his home. The boy was found in a second floor bedroom.

strikes that threaten irreparable damage to the national interest.

"For those who live on farms and in rural America," the President said, "we must plan for the future through the establishment of several new community development districts, improved education through the use of teacher corps teams, and better health measures, physical examinations, and adequate and available medical resources."

Sen. Allen J. Ellender, D-La., commented, "If we try to enact all of the President's program we will be here until Christmas." Johnson has said he hopes Congress will wind up its work and go home by June, but leaders of both Houses say that is unlikely.

Dirksen and Ford said they would make a formal GOP response next Monday.

Gross National Product Hike Seen

OXFORD, Ohio (AP)—Miami University economist William J. McKinstry predicted today an increase of more than six per cent in the Gross National Product (GNP) for 1966.

McKinstry, making his annual business forecast in the Miami Business Review, predicted consumers will continue to "live it up" and that government spending will exert at least a "modest expansionary effect."

He predicted a Gross National Product of \$713 billion.

McKinstry estimated consumption expenditures at \$450 billion of which, he predicted, \$67 billion would be in durable goods, \$196 billion in non-durable goods and \$187 billion in services.

Goodyear Gets Pact

WASHINGTON (AP) — Goodyear Aerospace Corp., Akron, Ohio, was awarded an \$18,588,205 contract for Subroc missiles and related equipment by the Defense Department Wednesday.

A BOOMING BUSINESS—Says the North Viet Nam caption accompanying this photo: "By displaying their revolutionary zeal and surmounting difficulties, workers of this munitions plant in the liberated area of South Viet Nam make a large quantity of grenades, which are being sent to the front to strike the U.S. aggressor gangsters."

Coleman, Glenn Say They Are Not Candidates

COLUMBUS, Ohio (AP) — State Democratic Chairman William L. Coleman says he's not a candidate "at this time" for governor or lieutenant governor; so does former astronaut John Glenn Jr. with much more finality.

The Buckeye political wheels kept spinning with approach of the Feb. 2 filing deadline for the May primary with these developments Wednesday:

—Coleman lauded State Sen. Frazier Reams Jr. of Toledo, announced Democratic aspirant for lieutenant governor also mentioned for governor, as perhaps "very well the one to lead the party."

—As for speculation he himself might be a candidate for the No. 1 or No. 2 spot on the ticket, Coleman repeated: "I am not a candidate at this time."

—Glenn, Democratic candidate for the 1964 nomination for U. S. senator from Ohio until injured in a bathroom fall, said from Houston, Tex., he indeed has been approached—by "several" people—about entering the Ohio primary for governor. He declined to mention names and said he definitely won't run. He added he has no future political plans "at this time."

—Former Gov. Michael V. DiSalle, still regarded top contender for the Democratic gubernatorial nomination, remained mum.

—Coleman said he planned to talk things over with DiSalle before another scheduled meeting of the Screening Committee here Monday. Party members said the committee appeared stymied on recommending a ticket to the state Central and Executive Committee until DiSalle declares his intentions.

—On the Republican side, Republican state headquarters announced the GOP State Central and Executive Committee's policy group will meet here Jan. 20 to review plans for the 1966 campaign. State Chairman John S. Andrews will confer that day with chairmen of Ohio's 11 most populous counties to review progress in obtaining a full slate of legislative candidates.

Antioch Seeks Peace Corps Tie

YELLOW SPRINGS, Ohio (AP)—The Peace Corps is negotiating with Antioch College for a three-month planning session to design a summer training project for college students intending to enlist in the corps after graduation in 1967.

Acting President J. D. Dawson said one aim of advance summer training for students between junior and senior years is that "some of the studies these students take during their senior year will extend and deepen their preparation for Peace Corps service."

First objective of the planning contract will be to work out an advanced training program at Antioch this summer for about 75 students planning to go to Colombia, South America, upon their graduation in 1967.

No Shadows in Illinois

A DOG'S LIFE IS HAPPY AGAIN—Roscoe, female Irish setter missing more than a year, is back home again with the William Grill family in Philadelphia, and thankfulness is written all over her. Showering Roscoe with attention are the Grill children, Kelly Ann, 6, Missy, 3, and Billy, 4. A doctor in a New York hospital had Roscoe along with other dogs for experimental purposes, but Roscoe seemed so homesick he felt sure she was a family pet. Notification to the Lost Dog Society of Philadelphia turned the trick.

State of Union Report Is Given

(Continued from Page 1) There was criticism from both parties — especially among members of the Senate Finance Committee—for Johnson's proposal that excise taxes on automobiles and telephone calls—reduced Jan. 1—be restored to meet increased military spending.

"Personally I would rather raise taxes on liquor and tobacco than make the changes the President suggests," said Sen. Russell B. Long, D-La., the new Finance Committee chairman. "I am opposed" to rescinding the phone tax cut, said Sen. Frank Carlson, R-Kan., senior OP member of the committee.

But Sen. William Proxmire, D-Wis., said "The President's courageous and sensible call for increased revenues to meet the sharp step-up in defense is in the best tradition of responsible government."

Johnson also proposed stepped-up corporate tax collections and revisions in withholding of income taxes but urged no general tax boost.

He said: "If the necessities of Viet Nam require it, I will not hesitate to return to the Congress for additional appropriations and additional revenues." Johnson devoted about one-third of his 52-minute speech to Viet Nam.

After restating U.S. determination to remain there until aggression is halted, he mentioned the 21-day pause in bombing of North Viet Nam and said the government has been working "with imagination and endurance—to remove any barrier to peaceful settlement."

Johnson said "we will work for a cease-fire now or once discussions have begun. We will respond if others reduce their use of force; and we will withdraw our soldiers once South Viet Nam is securely guaranteed the right to shape its own future."

If peace efforts fail, he said,

"we will act as we must to help protect the independence of the valiant people of South Viet Nam."

But, pledged Johnson, "I am hopeful, and I will try the best I can with everything I've got to end this battle and return our sons to their desires."

Dirksen said he had hoped Johnson would be more specific on Viet Nam. But "he made it very specifically clear we are there to stay until the job is done, the pledges redeemed," the Illinois Senator added.

Sen. Peter H. Dominick, R-Colo., however, said he was "deeply disappointed in the President's emphasis on dragging out the war for months and maybe even years rather than insisting that we do everything humanly possible to win it quickly."

Johnson observed that "because of Viet Nam we cannot do all that we should, or all we would like to do" but that "we will continue to meet the needs of our people."

In the civil rights field, he urged legislation to enforce "non-discrimination in federal and state jury selection." Dirksen said he had reservations on possible encroachment of state rights.

Johnson also urged legislation to ban discrimination in the sale and rental of housing.

Johnson's labor package included improved unemployment insurance, expansion of minimum wage benefits and repeal of the portion of the Taft-Hartley law which permits states to ban the union shop. The House passed this last year, but a Dirksen-led filibuster prevented Senate action.

The President apparently caught labor leaders by surprise in telling Congress he would propose legislation "to deal with

How Weather Looks Today

Cincinnati Stings Dayton

By THE ASSOCIATED PRESS
The Cincinnati Gardens jinx stung Dayton's Flyers again—no little help from the Rolf-Rolfes combo—but the Grover Center hoodoo fell before Miami's Redskins Wednesday night.

The Bearcats, with 36 points from Don Rolfe and 17 by Mike Rolf who played only the second half, trimmed Dayton 87-79 in their big game before 11,152. U.C.'s triumph was its ninth

straight over U.D.—all at the Gardens, where Dayton never has won.

The Redskins, with all five starters scoring 12 to 18 and executing brilliantly on defense, solidified their Mid-American Conference lead with a 68-56 victory over their 1965 co-champion, Ohio University. The result snapped a 29-game home winning streak for the Bobcats.

At Cincinnati, where the Bear-

cats and Dayton's Flyers emerged with identical 10-2 records, Rolfe missed his first shot, then made 11 in a row from the field in the first half before missing again. Don May, who hit 28 Flyer points, led a late Dayton rally.

The only unbeaten team in the MAC, Miami is 3-0 and Ohio 0-2 after the Bobcats' first home loss to Miami since 1959 and first at all since Feb. 11, 1963. Jerry Peirson led the victors with 18 points.

Elsewhere in Ohio basketball, Akron lost an exhibition to the Polish Nationals 76-69. The Zips, 9-0 in college play, led 42-40 at halftime but made only 9 of 39 field goal attempts the second half.

Wooster and Mount Union built their Ohio Conference records to 8-1 and 3-1 respectively as the Scots defeated Oberlin 59-45 and the Purple Raiders squelched Baldwin-Wallace 78-69.

Vandy Rallies To Win over Tennessee '5'

By THE ASSOCIATED PRESS
Big Clyde Lee got only five points, but his Vanderbilt teammates, Keith Thomas and Jerry Southwood, took up the slack and brought the Commodores from behind to a 53-52 victory over Tennessee.

The fierce struggle on Vandy's home court at Nashville on Wednesday night ended in a flurry of fisticuffs as Tennessee almost pulled the game out in the closing seconds.

"Everybody was excited," said an eye witness. "I don't know what caused it. I guess it was just fan reaction."

Several chairs were thrown, but no one was reported injured and police quickly controlled the situation.

Tennessee, led by Ron Widby, held an eight-point lead at halftime 30-22. The Vols stayed in front until Thomas' three-point play tied the score at 42-42 with eight minutes to go.

The Commodores, continuing to penetrate Tennessee's zone defense, led by five points with one minute left. The Vols closed the gap by scoring two baskets on intercepted passes.

Thomas was high for Vandy with 19 points. Southwood got 14, all in the second half. Widby got 21 points for Tennessee and teamed with 6-foot-9 Red Robins in holding Lee, also 6-9, in check.

The victory cleared the decks for Vanderbilt's crucial Southeastern Conference game with unbeaten Kentucky on Saturday. Kentucky, 11-0, is second-ranked in The Associated Press poll, and Vanderbilt, now 14-1, is third-ranked.

The fourth-ranked St. Joseph's Hawks, led by Matt Guokas' 20 points, crushed Wake Forest 97-72 as part of a double-header at the Palestra in Philadelphia. The other teams in the AP Top Ten were idle.

Stan Pawlak's 37 points paced Penn to a 90-76 triumph over LaSalle in the other half of the Palestra twinbill.

Don Rolfe hit on 11 consecutive field-goal tries and scored 36 points altogether in leading Cincinnati to a 87-79 triumph over Dayton at the Cincinnati Gardens. The Bearcats limited Henry Finkel, Dayton's 6-11 star, to 13 points before he fouled out with nine minutes left.

St. John's of New York, playing at home, edged Syracuse 66-65 on Bob McIntyre's basket with 20 seconds left and his free throw a few seconds later.

Chicago Loyola, Miami of Ohio and Furman scored notable road victories. The Loyola Ramblers, 1963 national champs, upped their record to 12-1 by trouncing Western Michigan 117-86 at Kalamazoo. Miami's Redskins downed Ohio

CHS Tigers Face Tough Cage Weekend at Trace, Lancaster

The Circleville High School basketball team faces one of the toughest twin bills of the season this weekend, traveling to Miami Trace Friday and to Lancaster Saturday.

Both teams are second in their respective leagues. The Trace Panthers, tallest of all South Central Ohio League quintets, need the win to stay in contention for the loop title.

To date, they own a 3-1 record, having lost to Wilmington by a slim one-point margin. The Hurricane and Trace have been dominating league play.

Circleville, with a 1-3 mark in the league, is hoping to assume the spoiler's role Friday.

PROBABLE starters for Miami are Dave Bihl, 6-6, Carl

Gatewood 5-11, Bob Lanman, 6-2, and Dick Doyle, 6-2. Jim Conley, 6-5, nursing an ankle injury is a probable starter, while Charlie Andrews, 6-5, and Jim Creamer, 6-3, are possible alternates.

Gordon McCarty is the Panther coach. He was promoted from his chores as freshman mentor a year ago to the head spot.

Tim Stonerock is expected to be back in the lineup for Circleville after missing last week's encounter with an injured ankle. The veteran guard has missed nearly a month of play, including the holiday lay-off.

Sporting a 15.8 per game scoring average, Stonerock has provided much of the spark for the Tigers in past games. He has a total of 95 markers.

Jimmy Diltz is the leading scorer for the Tigers with 107 markers in the eight games he

has played. His average is 13.4 a tilt.

Also averaging in double figures for the balanced CHS scoring attack is Danny Speakman, the tallest Red and Black starter at 5-11, with a 10.5 average in six tilts. He missed the first two games due to an injury.

JOE WINNER has a 9.5 average for Circleville with 76 points in eight games. The other starter for the Tigers, Danny Gibbs, is hitting the nets at a 6.1 clip per game.

Miami Trace, in five years in the SCOL, has never experienced a losing loop slate. And in those five years, Circleville has won only one varsity contest with the Panthers.

Lancaster defeated the Tigers, 87-50, in the CHS gymnasium in the first game of the season. The Gales went on to win six more games before losing to Athens and Zanesville.

On Friday the Gales face Newark, currently undefeated in the Central Ohio League. The Lancaster unit is in second place in the loop with a 4-1 record.

Elsewhere around the South Central League this weekend, Washington C. H. will host Wilmington and Hillsboro will be at Greenfield in Friday tilts.

On Saturday, Miami Trace will travel to London, Wilmington will host Dayton Carroll and Greenfield will travel to Lynchburg.

Jim Brown, Black Muslims Linked in Business Deal

LOS ANGELES (AP) — Jim Brown, perhaps pro football's greatest runner, said today he is considering leaving the game for a new goal—generating capital for Negro businessmen.

Brown, 29, says one enterprise which will occupy his time includes three leading Black Muslims and will take him into the clouded world of championship boxing.

It will be "strictly business", he adds, and the profits of the enterprise "will be invested in Negro businesses and organizations to try to bolster the economy of the Negro."

"This is the answer," the famed 228-pound Negro Cleveland Brown fullback said in an interview. "It will help Negroes to realize how to help themselves and how to use the dollar effectively."

Brown provided these details of the enterprise:

He and five other men have joined to form Main Bout, Inc., a corporation that will handle close circuit television and ancillary rights to major boxing matches, including a heavy-weight championship bout between Cassius (Muhammad Ali) Clay and Ernie Terrell.

The president of Main Bout is

Herbert Muhammad, the son of Elijah Muhammad, head of the Black Muslim sect, and is himself a leading member. Other muslims with voting rights include world champion Clay and John R. Lee, a Negro attorney in Chicago.

Brown and two New Yorkers, both white—television producer Mike Nalitz and attorney Robert Aarum—complete the group.

The fullback, in Los Angeles to prepare for his ninth appearance for the East in its annual National Football League test against the West, provided these answers to questions:

Q. What is your function in Main Bout?

A. I will be vice-president in charge of advertising and publicity. I will draw a salary—we have been talking about \$25,000—and have a 10 per cent interest.

Q. When will you leave pro football?

A. I have told Art Modell (owner of the Cleveland Browns) that I will play next year—the last year of a three-year contract. That is subject to change, if certain things develop — Say my job with Pepsi Cola developed more. I also am working with the N.I.E.U. (Negro Industrial and Economic Union) and there are movie possibilities.

Q. What is your primary reason for wanting to retire?

A. The No. 1 thing would be my interest in playing a part in this movement—you might call it a movement—of helping Negroes to help themselves. I think it necessary for young people to dedicate themselves to something like this.

Nick Olson scored 26 points as Mount Union made its all-games log 8-1 and Tim Jordan's 23 helped Wooster go 11-2 overall.

Denison beat Muskingum 65-56 in another OC tilt.

Central State (11-2) nipped Ohio Northern 71-69 as Ken Wilburn got 31 Marauder markers; Findlay (10-2) got 33 by Jim Carder and 26 from Jerry Carder and whipped Kentucky State 94-90; Steubenville (9-2) walked St. Vincent (Pa.) 87-49; Bluffton (9-2) downed Goshen (Ind.) 99-89; and Defiance (82) bested Olivet (Mich.) 80-68.

Xavier, in the shadow of the Cincy-Dayton battle, led Villanova 64-64 in the late going but fell 90-82 as the visitors' star, Bill Melchioni, pumped in 37 points. Bob Quick got 29 for Xavier.

Tennessee, led by Ron Widby, held an eight-point lead at halftime 30-22. The Vols stayed in front until Thomas' three-point play tied the score at 42-42 with eight minutes to go.

The Commodores, continuing to penetrate Tennessee's zone defense, led by five points with one minute left. The Vols closed the gap by scoring two baskets on intercepted passes.

Thomas was high for Vandy with 19 points. Southwood got 14, all in the second half. Widby got 21 points for Tennessee and teamed with 6-foot-9 Red Robins in holding Lee, also 6-9, in check.

The victory cleared the decks for Vanderbilt's crucial Southeastern Conference game with unbeaten Kentucky on Saturday. Kentucky, 11-0, is second-ranked in The Associated Press poll, and Vanderbilt, now 14-1, is third-ranked.

Stan Pawlak's 37 points paced Penn to a 90-76 triumph over LaSalle in the other half of the Palestra twinbill.

Don Rolfe hit on 11 consecutive field-goal tries and scored 36 points altogether in leading Cincinnati to a 87-79 triumph over Dayton at the Cincinnati Gardens. The Bearcats limited Henry Finkel, Dayton's 6-11 star, to 13 points before he fouled out with nine minutes left.

St. John's of New York, playing at home, edged Syracuse 66-65 on Bob McIntyre's basket with 20 seconds left and his free throw a few seconds later.

Chicago Loyola, Miami of Ohio and Furman scored notable road victories. The Loyola Ramblers, 1963 national champs, upped their record to 12-1 by trouncing Western Michigan 117-86 at Kalamazoo. Miami's Redskins downed Ohio

Home Town Hails Own Joe Nuxhall

HAMILTON, Ohio (AP)—Joe Nuxhall was the toast of Hamilton Wednesday night. An overflow crowd turned out for a dinner honoring the Cincinnati Reds pitcher.

Wednesday had been proclaimed "Joe Nuxhall Day" in Ohio by Gov. James A. Rhodes and Hamilton Mayor Thomas Kindness.

Nuxhall's admirers presented him a cash gift.

Those attending included Walter Alston, manager of the Los Angeles Dodgers; Warren C. Giles, National League president, and William O. DeWitt, owner of the Reds. The main speaker was Waite Hoyt, retired Reds' broadcaster.

Nuxhall made baseball history near 22 years ago when at age 15, he pitched for the Reds against the St. Louis Cardinals to become the youngest player in major league history.

He is now 37 and looking forward to "another good year" with the Reds in 1966. He won 11 and lost three games last year.

University 68-56 at Athens, Ohio, for the Bobcats' first loss in 30 home games. Furman beat South Carolina 73-66.

Tigers Due For Final Home Meet

Wrestling Mentor Pushing for Big Turnout for Event

Coach Dave LaBounty's Circleville High School wrestlers hold their last home meet of the season 4 p. m. Friday when they host Groveport.

The Tiger grappling mentor is hoping for a large spectator turnout.

A firm believer in the mat sport, he feels it is one of the most exciting forms of indoor winter competition to watch.

But because of limited facilities at CHS, it has taken a "back seat" to firmly entrenched basketball as far as scheduling is concerned.

THE TIGER matmen have had only two previous home meets.

Groveport is one of the better wrestling teams in the Franklin County area, sporting a 2-0 dual meet record.

In the 133-pound class, the Cruisers have an undefeated individual in J. Nelle. Dill also is undefeated in the 165-pound division.

The latest win for the Tigers was Jan. 5, when they defeated Columbus Central, 24-19. It was the second win in three dual meets for Circleville.

Evansville Still Slips In Cage Poll

By THE ASSOCIATED PRESS
It looks like the end of the reign and very little sunshine in sight for Evansville's slumping basketball team.

The Aces, consistently among the top three in the Associated Press' small-college poll, tumbled to fifth in the latest rankings based on games through last Saturday.

Evansville, last season's small-college champ, did not collect one first-place vote in the balloting by a special panel of 13 regional experts. The Aces lost their fourth game last week, 83-73 of Valparaiso. They have won eight.

Southern Illinois continues to lead, followed by Grambling, Akron and North Dakota. The Salukis, 7-1 after beating Washington of Missouri, 95-81, polled eight votes for the No. 1 spot and 111 points on a basis of 10 points for a first-place vote, 9 for second etc.

Grambling advanced to second although it lost its first game of the season, 60-59 to Alcorn A&M. The Tigers have won 12, including a 101-82 triumph over Southern of Louisiana in their only other game last week.

The Top Ten, with season's records through games of last Saturday and total points:

1. Southern Ill. 7-1 111
2. Grambling 12-1 86
3. Akron 9-0 63
4. North Dakota 12-2 61
5. Evansville 8-4 55
6. Yountstown 9-1 50
7. Cent. St., Ohio 8-2 49
8. Northern Mich. 3-2 45
9. Valparaiso 10-3 27
10. Mt. St. Mary's 8-2 21

Konkle Adult Leader of Rifle Club

M. E. Konkle has been selected Adult Club Leader of the newly organized Pickaway Junior Rifle Club, Circleville, by the National Rifle Association.

Membership in the new junior rifle club will be restricted to youngsters under 19 years of age. The recently chartered group voted for the following officers: Terry McKnight, president; Tom Archer, vice-president; Walter Smyers, executive officer; Dick Carothers, secretary; Ricky Congrove, treasurer.

Aim of the club, like thousands of others similarly chartered by the National Rifle Association of America, is to teach youngsters the fundamentals of good marksmanship and safe firearms handling on the target range and in the hunting field.

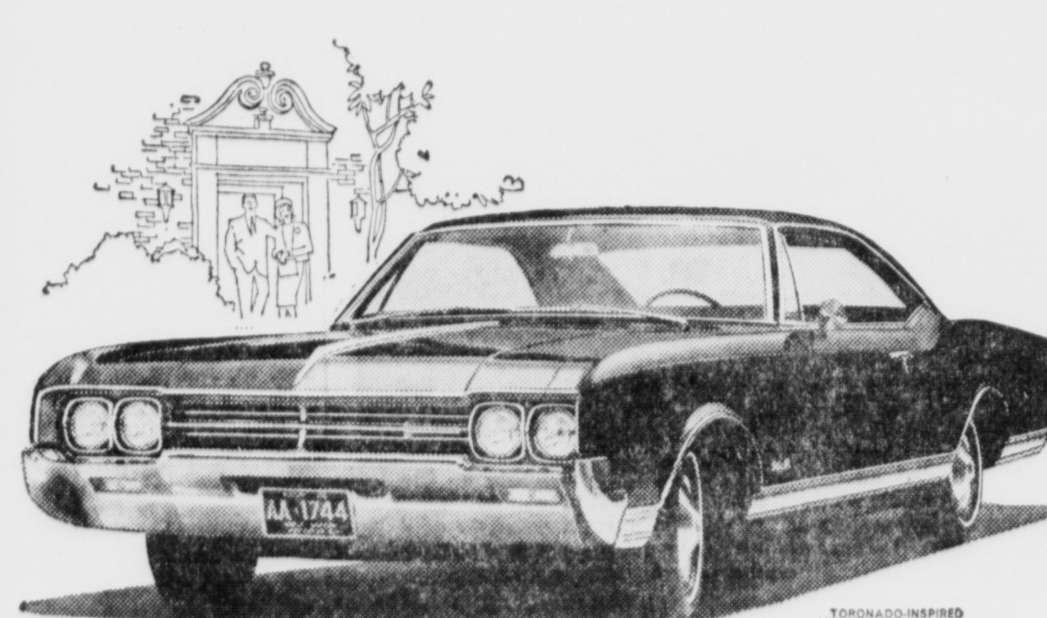

Garrett Wins World Trophy

LOS ANGELES (AP) — Mike Garrett, Heisman Trophy winner and famed halfback at the University of Southern California, headed a list of six 1965 World Trophy winners released Wednesday by the Helms Hall Board.

The awards are given annually to the foremost amateur athletes from each of the six continents.

ENJOY SPRING FRESH AIR...

With the New
West Bend HUMIDIFIER
And Air Freshener
At This Low, Low Price!

New "Water Wheel"
Moisturizing for Constant
Humidified Comfort

West Bend's new Drum-filter Humidifier automatically replaces moisture...drained from your home or office by winter heating...to restore comfort level. Silent, low-speed fan gently forces air through the constantly rotating "water wheel" (water-saturated foam filter on a drum). Controlled and filtered, the moist air flows out the top grills (adjustable to direct air at one, two or three angles) for whole-house humidification — prevents dry air damage, keeps you comfortable with less heat and more fresh, clean air.

ONLY \$69.95

The West Bend Humidifier and Air Freshener Also Features:

- Easy refilling — through large opening at the top.
- Special, large capacity rustproof polypropylene reservoir. Won't chip, crush or break. Holds 8 1/2 gallons for continuous moisturizing action.
- Water level indicator gauge.
- Automatic shut-off and refill indicator light.
- Built-in automatic humidistat.
- Vertical air circulation and directional control.
- Smart decorator styling, fashioned like fine furniture.

Cincinnati Stings Dayton

By THE ASSOCIATED PRESS
The Cincinnati Gardens jinx stung Dayton's Flyers again—with no little help from the Rolf-Rolfes combo—but the Grover Center hoodoo fell before Miami's Redskins Wednesday night.

straight over U.D.—all at the Gardens, where Dayton never has won.

The Redskins, with all five starters scoring 12 to 18 and executing brilliantly on defense, solidified their Mid-American Conference lead with a 68-56 victory over their 1965 co-champion, Ohio University. The result snapped a 29-game home winning streak for the Bobcats.

At Cincinnati, where the Bear-

cats and Dayton's Flyers emerged with identical 10-2 records, Rolfes missed his first shot, then made 11 in a row from the field in the first half before missing again. Don May, who hit 28 Flyer points, led a late Dayton rally.

The only unbeaten team in the MAC, Miami is 3-0 and Ohio 0-2 after the Bobcats' first home loss to Miami since Feb. 11, 1963. Jerry Pearson led the victors with 18 points.

Vandy Rallies To Win over Tennessee '5'

By THE ASSOCIATED PRESS
Big Clyde Lee got only five points, but his Vanderbilt teammates, Keith Thomas and Jerry Southwood, took up the slack and brought the Commodores from behind to a 53-52 victory over Tennessee.

The fierce struggle on Vandy's home court at Nashville on Wednesday night ended in a flurry of fisticuffs as Tennessee almost pulled the game out in the closing seconds.

"Everybody was excited," said an eye witness, "I don't know what caused it. I guess it was just fan reaction."

Several chairs were thrown, but no one was reported injured and police quickly controlled the situation.

Tennessee, led by Ron Widby, held an eight-point lead at halftime 30-22. The Vols stayed in front until Thomas' three-point play tied the score at 42-42 with eight minutes to go.

The Commodores, continuing to penetrate Tennessee's zone defense, led by five points with one minute left. The Vols closed the gap by scoring two baskets on intercepted passes.

Thomas was high for Vandy with 19 points. Southwood got 14, all in the second half. Widby got 21 points for Tennessee and teamed with 6-foot-9 Red Robbins in holding Lee, also 6-9, in check.

The victory cleared the decks for Vanderbilt's crucial South-eastern Conference game with unbeaten Kentucky on Saturday, Kentucky, 11-0, is second-ranked in The Associated Press poll, and Vanderbilt, now 14-1, is third-ranked.

The fourth-ranked St. Joseph's Hawks, led by Matt Guokas' 20 points, crushed Wake Forest 97-72 as part of a double-header at the Palestra in Philadelphia. The other teams in the AP Top Ten were idle.

Stan Pawlak's 37 points paced Penn to a 90-76 triumph over LaSalle in the other half of the Palestra twinbill.

Don Rolfes hit on 11 consecutive field-goal tries and scored 36 points altogether in leading Cincinnati to a 87-79 triumph over Dayton at the Cincinnati Gardens. The Bearcats limited Henry Finkel, Dayton's 6-11 star, to 13 points before he fouled out with nine minutes left.

St. John's of New York, playing at home, edged Syracuse 69-65 on Bob McIntyre's basket with 20 seconds left and his free throw a few seconds later.

Chicago Loyola, Miami of Ohio and Furman scored notable road victories. The Loyola Ramblers, 1963 national champs, upped their record to 12-1 by trouncing Western Michigan 117-86 at Kalamazoo. Miami's Redskins downed Ohio

CHS Tigers Face Tough Cage Weekend at Trace, Lancaster

The Circleville High School basketball team faces one of the toughest twin bills of the season this weekend, traveling to Miami Trace Friday and to Lancaster Saturday.

Both teams are second in their respective leagues. The Trace Panthers, tallest of all South Central Ohio League quintets, need the win to stay in contention for the loop title.

To date, they own a 3-1 record, having lost to Wilmington by a slim one-point margin. The Hurricane and Trace have been dominating league play.

Circleville, with a 1-3 mark in the league, is hoping to assume the spoiler's role Friday.

PROBABLE starters for Miami are Dave Bihl, 6-6, Carl

Gatewood 5-11, Bob Lanman, 6-2, and Dick Doyle, 6-2. Jim Conley, 6-5, nursing an ankle injury is a probable starter, while Charlie Andrews, 6-5, and Jim Creamer, 6-3, are possible alternates.

Gordon McCarty is the Panther coach. He was promoted from his chores as freshman mentor a year ago to the head spot.

Tim Stonerock is expected to be back in the lineup for Circleville after missing last

week's encounter with an injured ankle. The veteran guard has missed nearly a month of play, including the holiday lay-off.

Sporting a 15.8 per game scoring average, Stonerock has provided much of the spark for the Tigers in past games. He has a total of 95 markers.

Jimmy Diltz is the leading scorer for the Tigers with 107 markers in the eight games he

has played. His average is 13.4 a tilt.

Also averaging in double figures for the balanced CHS scoring attack is Danny Speakman, the tallest Red and Black starter at 5-11, with a 10.5 average in six tilts. He missed the first two games due to an injury.

JOE WINNER has a 9.5 average for Circleville with 76 points in eight games. The other starter for the Tigers, Danny Gibbs, is hitting the nets at a 6.1 clip per game.

Miami Trace, in five years in the SCOL, has never experienced a losing loop slate. And in those five years, Circleville has won only one varsity contest with the Panthers.

Lancaster defeated the Tigers, 87-50, in the CHS gymnasium in the first game of the season. The Gales went on to win six more games before losing to Athens and Zanesville.

On Friday the Gales face Newark, currently undefeated in the Central Ohio League. The Lancaster unit is in second place in the loop with a 4-1 record.

Elsewhere around the South Central League his weekend, Washington C. H. will host Wilmington and Hillsboro will be at Greenfield in Friday tilts.

On Saturday, Miami Trace will travel to London, Wilmington will host Dayton Carroll and Greenfield will travel to Lynchburg.

Jim Brown, Black Muslims Linked in Business Deal

LOS ANGELES (AP) — Jim Brown, perhaps pro football's greatest runner, said today he is considering leaving the game for a new goal—generating capital for Negro businessmen.

Brown, 29, says one enterprise which will occupy his time includes three leading Black Muslims and will take him into the clouded world of championship boxing.

It will be "strictly business", he adds, and the profits of the enterprise "will be invested in Negro businesses and organizations to try to bolster the economy of the Negro."

"This is the answer," the famed 228-pound Negro Cleveland Brown fullback said in an interview. "It will help Negroes to realize how to help themselves and how to use the dollar effectively."

Brown provided these details of the enterprise:

He and five other men have joined to form Main Bout, Inc., a corporation that will handle close circuit television and ancillary rights to major boxing matches, including a heavy-weight championship bout between Cassius (Muhammad Ali) Clay and Ernie Terrell.

The president of Main Bout is

Herbert Muhammad, the son of Elijah Muhammad, head of the Black Muslim sect, and is himself a leading member. Other muslims with voting rights include world champion Nelly and John R. Lee, a Negro attorney in Chicago.

Brown and two New Yorkers, both white—television producer Mike Nalitz and attorney Robert Aarum—complete the group.

The fullback, in Los Angeles to prepare for his ninth appearance for the East in its annual National Football League test against the West, provided these answers to questions:

Q. What is your function in Main Bout?

A. I will be vice-president in charge of advertising and publicity. I will draw a salary—we have been talking about \$25,000—and have a 10 per cent interest.

Q. When will you leave pro football?

A. I have told Art Modell (owner of the Cleveland Browns) that I will play next year—the last year of a three-year contract. That is subject to change, if certain things develop — Say my job with Pepsi Cola developed more. I also am working with the N.I.E.U. (Negro Industrial and Economic Union) and there are movie possibilities.

Q. What is your primary reason for wanting to retire?

A. The No. 1 thing would be my interest in playing a part in this movement—you might call it a movement—of helping Negroes to help themselves. I think it necessary for young people to dedicate themselves to something like this.

Evansville Still Slips In Cage Poll

By THE ASSOCIATED PRESS

It looks like the end of the reign and very little sunshine in sight for Evansville's slumping basketball team.

The Aces, consistently among the top three in the Associated Press' small-college poll, tumbled to fifth in the latest rankings based on games through last Saturday.

Evansville, last season's small-college champ, did not collect one first-place vote in the balloting by a special panel of 13 regional experts. The Aces lost their fourth game last week, 83-73 of Valparaiso. They have won eight.

Aim of the club, like thousands of others similarly chartered by the National Rifle Association of America, is to teach youngsters the fundamentals of good marksmanship and safe firearms handling on the target range and in the hunting field.

Tigers Due For Final Home Meet

Wrestling Mentor Pushing for Big Turnout for Event

Coach Dave LaBounty's Circleville High School wrestlers hold their last home meet of the season 4 p. m. Friday when they host Groveport.

The Tiger grappling mentor is hoping for a large spectator turnout.

A firm believer in the mat sport, he feels it is one of the most exciting forms of indoor winter competition to watch.

But because of limited facilities at CHS, it has taken a "back seat" to firmly entrenched basketball as far as scheduling is concerned.

THE TIGER matmen have had only two previous home meets.

Groveport is one of the better wrestling teams in the Franklin County area, sporting a 2-0 dual meet record.

In the 133-pound class, the Cruisers have an undefeated individual in J. Nelle. Dill also is undefeated in the 165-pound division.

The latest win for the Tigers was Jan. 5, when they defeated Columbus Central, 24-19. It was the second win in three dual meets for Circleville.

Garrett Wins World Trophy

Ex-Ohioan In Trouble In California

LOS ANGELES (AP)—Eight years and one week from his scheduled inauguration as a Youngstown, Ohio, city councilman—for which he never showed up—John James Tobin is in custody of a psychiatric court as a possible dope addict.

In the meantime, he has served a five-year prison term and has been newly convicted here in a grandiose scheme involving forgery, grand theft and burglary.

Youngstown voters chose Tobin, then about 29, for Council in the 1957 election. He had been an insurance company executive there.

Tobin vanished from Youngstown Jan. 4, 1958, the day he was to have been sworn into office. About a month later he was arrested on a charge of embezzling from the insurance firm. Subsequently he was convicted, served the five years in prison and moved to Long Beach, Calif.

Trouble cropped up again when authorities here said Tobin, allegedly planning to open a furniture store with fraudulent obtained merchandise, looted an apartment of \$3,700 in cash and goods last June and bilked furniture firms out of about \$50,000 in merchandise.

He pleaded guilty Dec. 20.

The judge suspended the criminal proceedings and referred Tobin to the court's psychiatric department.

nor greedy. He appears to be as prosperous and well-adjusted a comedian as you can find. That has not always been true.

As Aaron Chwatt, he grew up in poverty on New York's East Side. He is at a loss how to interpret this to the child he and his wife are expecting next month: "How can my son or daughter understand that my family shared a toilet with four other families on the same floor — when they are living in Bel-Air?"

As Red Buttons, he gagged his way through burlesque, night clubs and theaters until he became one of television's early comedy stars with the Red Buttons Show. It faded after two years. He later admitted part of the cause was his over-anxiety.

The following years treated him kindly. He won a supporting actor Oscar for his first dramatic role, in "Sayonara." He remains in demand as a character actor, television guest star and night club performer.

Tonight he debuts on ABC in "The Double Life of Henry Phye." It is a half-hour comedy in color, with Red portraying a bookkeeper who is enlisted for espionage because of his resemblance to an enemy agent.

Series that start in midwinter seldom survive to shine another season. But this doesn't worry Buttons.

"I don't think the January start is a factor," said he. "The way this season has gone, any entertaining show could come in and pick up the marbles."

"If my show does it — fine. If not, I don't know of any excuses. We're giving it a good, honest shot, and I won't be able to cop a plea if we bomb out."

Reds Pilot Has Problem With Rookie

CINCINNATI (AP) — Don Heffner inherits a problem in his first year as manager of the Cincinnati Reds. He must make up his mind what to do with Tommy Helms.

Helms is the Reds' prized rookie, a player generally acclaimed as a sure-fire big-leaguer. The rub, however, is that he's a shortstop and the Reds already have perhaps one of the best in the National League in Leo Cardenas.

The 24-year-old newcomer is equally efficient at either second or third but the Reds possess the league's All-Star second baseman in Pete Rose and the runs batted in leader in third baseman Deron Johnson.

It is no secret that Helms is in great demand by other clubs. Charles Finley, owner of the Kansas City Athletics, offered \$200,000 for the hard-nosed youngster. Also, the California Angels reportedly topped that offer by \$100,000 and were turned down.

Grady Hatton, new manager of the Houston Astros, is one of Helms' biggest boosters.

"Helms is a leader," said Hatton. "He's a great guy on a ball club. Because of his intangibles, he can help a team even when he's not hitting."

Hitting happens to be one of Helms' strong points. The 5-foot-10, 175-pounder batted .319 at San Diego last year after getting off to a very slow start. He has been a consistent .300 hitter in the minors. He batted .381, going 16 for 42, after reporting to the Reds last Aug. 27.

The Houston Astros drew 2,151,470 fans to their new Astrodome last season. But on the road they played to only 952,744 fans.

4 Plead Guilty at Arraignment

Four persons entered pleas of guilty today during an arraignment session in Pickaway County Common Pleas Court conducted for those indicted by the Grand Jury last week.

All four who pleaded guilty were placed on probation. Six pleas of innocent were recorded and the remainder of the cases were continued.

Three persons indicted by the jury failed to report this morning. Judge William Ammer, presiding, noted their bonds would be forfeited and capias orders issued for their arrest. They were John Davis, Las Vegas, Nev., on a charge of non-support; Leonard Chatfield, non-support; and James Vinson, Columbus, non-support.

Entering a plea of guilty to charges set down in the indictment was Marie White, Columbus. Accused of forgery and issuing checks with insufficient funds, she was granted three years probation.

Other guilty pleas were: Betty Hanley, Circleville, issuing checks with insufficient funds, three years probation; Clyde Arledge Jr., Route 1, Stoutsville, non-support, two years probation; Marvin Hedges, grand larceny, three years probation.

Pleading innocent to the accusations were John Pruitt, Co-

lumbus, forcible entry of a building in the night season and grand larceny; Russell Price Jr. and David Price, both of Columbus, malicious destruction of property; David Price, Columbus forcible entry of a building in the night season and grand larceny; and Charles Ruter, Corwin St., incest and in-

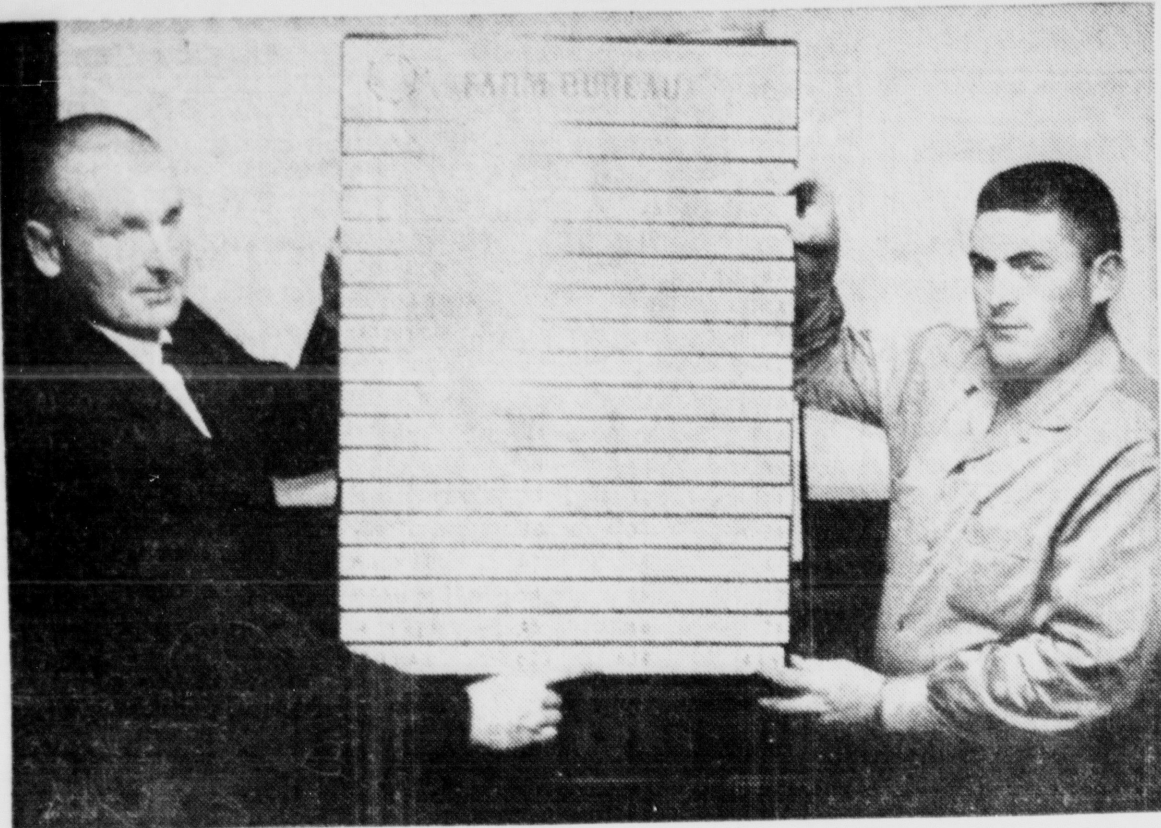

timidating a witness.

Cases continued were those of Jesse F. Williams, West Virginia, armed robbery; Jack Kuhn, Long Alley, assault upon a minor; Carl Ferrin Jr., Orient, forcible entry of a building in the night season and grand larceny. One secret case was continued.

Billfold Is Lost

Pauline Dyke, Route 4, told Circleville Police today she had lost a billfold in the vicinity of the Laundromat on W. Main St. She said the wallet contained \$12.

\$26.8 Million Vietnamese School Fund Release OK'd

COLUMBUS, Ohio (AP)—The State Controlling Board approved today distribution of \$26.8 million in public school subsidies for the month of January.

The board also released \$60,900 to purchase the William H. Harper Jr. property in Shaker Heights as a residence for the president of Cleveland State University.

A total of \$5,000 was made available to implement a voluntary state meat inspection system voted by the last legislature for health department administration.

Release of the money to buy the home for the Cleveland State University president carried a condition that no request will be made for at least a year for financing improvement of the 43-year-old house.

References to the recent controversy over a new home for President Novice G. Fawcett at Ohio State University, slated to cost \$300,000, entered into the discussion of the Cleveland State request.

"I'd say this is somewhat modest," said Otto Stock, chairman of the board.

Two Men Placed On Probation

(Continued from Page 1) located. But it apparently could not be used because of a lack of radio contact with the Vietnamese unit.

In other actions, the Viet Cong mined a supply convoy 15 miles east of Saigon, got into a fire fight with a battalion in the Thong Chu area 125 miles west of Saigon and mortared Trung Luong, a district headquarters 20 miles northeast of Quang Tri city in South Viet Nam's northernmost province.

A cease-fire over the New Year holiday has been customary in the Viet Nam war. Last year it lasted for seven days.

The Viet Cong radio said two weeks ago that the guerrillas would observe a four-day cease-fire starting at 11 p. m. Jan. 19, Saigon time. Viet Nam Press did not say when the government truce would begin, but it quoted the Vietnamese chief of staff, Lt. Gen. Cao Van Vien, as saying details were being worked out. He said there might not be a formal announcement.

Massillon Police Delay Resignations

MASSILLON, Ohio (AP) — Nineteen members of the city's police force have agreed to postpone their resignations for 30 days while a citizens committee studies their pay rate dispute.

The 19 men, along with other members of the city's 32-man police force, met with Mayor William J. Keen for about 90 minutes Wednesday and adopted the plan unanimously.

Police have argued a recent raise did not go far enough. Take home pay for most patrol-

men, depending on deductions, is estimated at \$58 to \$100 per week.

African Art Show

OXFORD, England (AP) — The new art gallery of the Pitt Rivers Museum opened with an exhibition called "Art from the Guinea Coast." It consists of 120 specimens of West African work in bronze, terra cotta and wood carving.

Art flourished in Africa between the third century before Christ and A.D. 200.

Two Men Placed On Probation

Two Circleville men were placed on probation today in Pickaway County Common Pleas Court by Judge William Ammer after pleading guilty to unarmed robbery charges.

Robert Miller, 18, of 370 Edward Road, and Clark Fout, 19, Cottage Hill, were granted three years probation each as "first time" offenders.

The duo was bound to the April term of Grand Jury in Circleville Municipal Court last week for assaulting a local man and taking his billfold containing three dollars in cash. Both men reportedly had been drinking alcoholic beverages at the time of the incident.

They waived their rights to consideration before the grand jury and entered pleas of guilty today.
